## State of Rhode Island.

DEBT, RESOURCES, &c.

Admitted as a State\_\_\_\_One of Original Thirteen Total area of State (square miles)\_\_\_\_\_1,250 State Capital\_\_\_\_\_Providence Gov. (term exp. first Tues. Jan. 1921)\_R. Livingston Beeckman Sec. of State (term exp. first Tues Jan. '21)\_J. Fred Parker Treasurer (term exp. first Tues. Jan. '21) Richard W. Jennings

LEGISLATURE.—The Legislature now meets annually the first Tuesday in January. There is no limit as to the length of session, but compensation of the legislators is limited to sixty days' attendance in any calendar year.

HISTORY OF DEBT.—For early history of the Rhode Island State debt. see "State & City Supplement" of Apr. 13 1895, page 33. The bonds out standing at present are described as follows:

| Penal & Reformatory Inst. Loan. |
| 3 \( \frac{1}{3} \) \( \frac

INTEREST on the State-House bonds and Charitable Inst. Loan 1914 is payable in Providence at the Rhode Island Hospital Trust Co.; on the Charitable Inst. bonds of 1916 and 1918 and bridge bonds of 1917, payable at National Exchange Bank; on all other issues at Industrial Trust Co.

TAX VALUATION.—The total assessed valuation of real estate and personal property in Rhode Island Jan. 1 1919 was \$800,404,561, consisting of \$503,857,252 real estate and \$296,547,309 personal property. Tax rate (per \$1,000) in 1912, 1913, 1914, 1915, 1916 and 1917 was \$0.90.

POPULATION

of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

EXEMPTION FROM TAXATION.—Bonds and notes of the State are not subject to taxation. Loans of municipalities, we were advised Dec. 12 1911 by the Secretary of State, are taxable.

SAVINGS BANK INVESTMENTS, RESTRICTIONS, &c.—At the 1911 session of the Legislature the laws concerning Rhode Island savings bank investments were completely revised and materially altered in many respects. In 1912, 1914, 1917 and 1918 further amendments were made. See V. 94, p. 1397; V. 98, p. 1629; V. 104, p. 1824, and V. 106, p. 1741. In 1919 the General Assembly passed an Act amending Clause IX of Section 1 of Chapter 232 of the General Loan banks; the 1919 Legislature also passed an Act amending Clause VI, which deals with investment by savings banks in the bonds of the Federal Loan banks; the 1919 Legislature also passed an Act amending Clause VI, which deals with investments in bonds of telephone companies, the qualifications being changed. A comprehensive digest of the law as it now stands is furnished in the following:

Clause I. Permits investments in (a) bonds or notes of the United States or any State or Territory which has not, in the ten years next preceding the time of investment, defaulted in the payment of its debt

(b) Bonds or notes of any city or town of the New England States or New York State which has not defaulted in ten years and whose net debt does not exceed 7% of the last preceding assessed valuation; or of any incorporated district of said States having over 5,000 inhabitants, or in New Hampshire, with a population of over 2,500, whose bonds are a direct obligation on all the taxable property of such district, and whose net debt debt does not exceed 5% of such valuation, and which bonds are provided for by a sinking fund or serial retirement.

(c) Bonds or notes of any city of the United States other than the New England States and New York State which has not defaulted during ten years, has 30,000 or more inhabitants, as established by the last national or State Census, or city Census certified to by the City Clerk or Treasurer of such city, and taken in the same manner as a national or State Census preceding such investment, and a net debt of not exceeding 7% of the last preceding assessed valuation, or the bonds and obligations of any incorporated school district within such city, payable primarily from taxes levied on all taxable property in such district; providing the population of the district is 30,000 or more, and the population and assessed valuation of the city within which such district is located.

(d) Bonds or notes of any county in the United States having a population of over 100,000 (according to National or State Census), and whose net indebtedness does not exceed 3% of the last preceding assessed valuation.

"Net Indebtedness—Definition.—(e) 'Net Indebtedness' shall mean the total debt less sinking funds, the net outstanding water and sewer debts and the tax levy for the current year."

Clauses II to VI, inclusive, which govern investment in railroad bonds, public service securities and bonds of telephone companies, are given in full herewith:

"Steam Railroad Bonds and Notes.—Clause II. In the bonds and notes and receivers' certificates of steam railroad orporations described herein below, in the 'table of eligible steam railroad bonds and notes,' subsections (a) to (y) inclusive, subject to the following definitions and classification:

"The words 'railroad' and 'railway' herein used are to be considered

fication:

"The words 'railroad' and 'railway' herein used are to be considered synonymous titles.

"The term 'funded indebtedness' herein used shall include all bonds and notes bearing interest.

"All 'income bonds' are ineligible.

"The eligibility of such bonds for such investments is defined as follows. unless hereinafter otherwise provided:

"The initial of the provided:

"The initial of the provided of th

"Definition.-Ownership.-Such railroad corporation shall own its

"Location.—The railroad of such corporation shall be located principally in the United States.
"Gauge.—The railroad of such corporation shall be of standard gauge.
"Mileage.—Such railroad must be not less than 100 miles in length,

in the United States.

"Gauge.—The railroad of such corporation shall be of standard gauge.

"Mileage.—Such railroad must be not less than 100 miles in length, exclusive of sidings.

"Net income.—The net income of any such corporation shall be its earnings and income after payment of all operating expenses, maintenance charges, rentals and taxes, and all guaranteed dividends and guaranteed interest paid by, or due from, it.

"The net earnings and income of any such corporation shall equal the following requirements by the following classes, to which reference is made in the succeeding table of bonds.

"Classification.—Class I. Any such corporation of this class must have

in the succeeding table of bonds.

"Classification.—Class I. Any such corporation of this class must have earned and received in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, a net income of not less than twice the annual interest for the current year on all its funded indebtedness, including the bonds in question.

"Class II. Any such corporation of this class must have earned and received a net income, in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, not less than twice the annual interest for the current year on the underlying mortgage bonds in question, and all prior liens.

"Class III. Any such corporation of this class must have earned and received in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, a net income of not less than twice the annual interest for the current year on all its mortgage indebtedness outstanding, including the bonds in question.

"Class IV. Any such corporation of this class must have earned and received in each of its three fiscal years, or three nearer and successive periods of one year, next preceding such investment, a net income of not less than one and a half times the annual interest for the current year on all its funded indebtedness, including the bonds in question.

"(q) First mortgage bonds of any terminal company or terminal railway company, incorporated in the United States, whose property is located in the United States, of which company at least ninety per centum of its capital stock is owned by two or more proprietary steam railroads of Classes I, III or IV, and which use said property, and jointly, or jointly and severally, guarantee the principal and interest of all the indebtedness of

severally, guarantee the principal and interest of all the indebtedness of said company.

"(r) First mortgage bonds of any terminal company or terminal railway company, incorporated in the United States, whose property is located in the United States, which has leased its property to one or more steam railroad corporations which guarantee the principal and interest on said bonds, and which lease runs for a term extending at least ten years after the maturity of said bonds, and which lease provides for the maintenance and operation of the leased property; Provided, that, if such lease is to one steam railroad corporation, it shall be of Class I, and if such lease is to two steam railroad corporations, they may be of Classes I or III, and if such lease is to three or more steam railroad corporations, they may be of Classes I, III or IV.

"(s) First mortgage bridge bonds issued by any railroad corporation of Class I.

Class I.

"(t) First mortgage bonds of any bridge company, incorporated in the United States, whose property is in the United States, whose entire indebt-edness is guaranteed as to principal and interest by one or more steam railroad corporations; Provided, that, if such guarantee is by one such railroad corporation, it shall be of Class I, and if such guarantee is by two or more railroad corporations they may be of Classes I, III or IV.

"(a) First mortgage bonds of any bridge company, incorporated in the

"(u) First mortgage bonds of any bridge company, incorporated in the United States, whose property is in the United States and whose capital stock is entirely owned, except shares qualifying directors, by two or more proprietary steam railroad corporations of Classes I, III or IV which guarantee the maintenance of the property and the principal and interest of such bonds.

or such bonds.

"(w) Equipment bonds or equipment notes issued by any steam railroad corporation of Class I, Class III or Class IV which are secured by a first lien on the equipment against the purchase of which said bonds or notes were issued at not exceeding eighty per centum of the purchase price thereof; Provided, that the indenture under which said lien is established contains adequate requirements for the maintenance of the property pledged, and provides that an equal amount of any issue of such bonds or notes shall be paid annually until all are retired without the release of the lien on any of such equipment.

"(w) Notes, wayrants, and obligations, running for a term of not more

"(w) Notes, warrants and obligations, running for a term of not more than five years from date of issue, given by any steam railroad corporation which has earned and paid dividends at the rate of not less than four per centum per annum on all its outstanding capital stock for five years next prior to the date of issue.

"(x) Certificates of indebtedness commonly termed 'receiver's certificates' issued by a receiver of any such steam railroad under an authorization of the court or courts having jurisdiction over such receiver.

"(y) First mortgage bonds and refunding mortgage bonds of any steam railroad, incorporated and whose property is principally located in the Dominion of Canada, which conform in all respects to the provisions applying to mortgage bonds of steam railroad corporations in the United States.

"Change of Motive Power.—Clause III. The change of motive power by any steam railroad corporation, whether wholly or in part, shall not affect the eligibility, for such investment, of any of the steam railroad obligations hereinbefore described, so long as its earnings conform with the foregoing requirements.

"Railroad Stocks.—Clause IV. (a) In the shares of the capital stock.

foregoing requirements.

"Railroad Stocks,—Clause IV. (a) In the shares of the capital st of any steam railroad which has leased its railroad to another steam railro which operates the property so leased as a part of its railroad syst Provided, that such lease is for a term of not less than fifty years, and lease company is one whose bonds would be a legal investment under provisions of Clause II, Class III, and that by the terms of the lease lease company is obliged to pay rents sufficient to pay the interest on outstanding bonds of the lessor and a dividend at an annual rate of not than four per centum per annum on all the capital stock of the lessor chany.

pany.

"(b) In the shares of the capital stock of any steam railroad which operates its own railroad whose bonds would be an eligible investment under Clause II, Class I; Provided, that such railroad has paid regular annual dividends on all its capital stock at the rate of not ess than four per centum per annum for ten years next preceding such investment.

"(c) The aggregate investment of such deposits and income by any bank, savings bank or trust company in the stock of any one such steam railroad corporation at par value shall not exceed two per centum of said deposits hald by it.

held by it.

"Public Service Securities.—Clause V. In the bonds of public service corporations, commonly called 'public service securities,' described hereinbelow in the 'table of eligible public service securities,' sub-sections (a) to (k), inclusive, subject to the following description and definition:

"The title 'public service securities' shall include only mortgage bonds issued by any electric railroad, street railway, gas company, electric light or power company, or water company, as hereinafter described.

"The term 'funded indebtedness' herein used shall include all bonds and notes bearing interest.

"Descriptive Destination —Coverable — Such coverable whell over the

"The term 'funded indebtedness' herein used shall include all bonds and notes bearing interest.

"Descriptive Definition.—Ownership.—Such corporation shall own the major part of its property in fee.

"Location.—The property of such corporation shall be located principally in the United States, unless otherwise provided.

"Net Income.—The net income of such corporation shall be its net earnings and income after payment of all operating expenses, maintenance charges, rentals and taxes, and all guaranteed interest and guaranteed dividends paid by, or due from, it.

"Eligibility for such investment.—Such corporation must have earned and received a net income in each of its three fiscal years, or three nearer periods of one year, next preceding such investment not less than twice the annual interest for the current year on all its indebtedness secured by the mortgage under which the bonds in question are issued and all prior liens, unless otherwise hereinafter specified, and shall not have defaulted on any of its obligations during the same period: Provided, however, that said bonds shall mature at least five years before the expiration of the principal franchise or franchises under which such corporation is operated, or there shall exist some definite agreement or contract with the grantors whereby such franchise or franchises may be renewed or extended from time to time throughout and beyond the life of the bonds in question, and or that by such an agreement or contract the security of said bonds is adequately protected and preserved to the bondholders, and a copy of such agreement or contract shall be filed in the office of the Bank Commissioner and shall be preserved in his files during the life of the bonds in question.

"Table of Eligible Public Service Securities.—(a) Mortgage bonds of any such electric lailroad, street railway, gas, electric light or power com-

be preserved in his files during the life of the bonds in question.

"Table of Eligible Public Service Securities.—(a) Mortgage bonds of any such electric railroad, street railway, gas, electric light or power company, incorporated under the laws of Rhode Island, whose property is located and operated chiefly in this State.

"(b) Mortgage bonds of any such electric railroad, street railway, gas and electric light or power company, incorporated under the laws of any of the United States; Provided, however, that the said bonds of any such electric railroad or street railroad company shall be a legal investment for such deposits and income only in case such company shall have received

average gross earnings of not less than four hundred thousand dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment, and if said bonds are issued by a company which carries on the business of an electric railroad or street railway combined with that of either a gas company or an electric light or power company, or both of such kinds of business, then, in such case, such company shall have received average gross earnings of not less than six hundred thousand dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment; and if said bonds are issued by any such gas company or electric light or power company, or by a company which combines the business of a gas company and an electric light company, and, or, power company, or any two such businesses, then, in such case, it shall have received average gross earnings of not less than two hundred thousand dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment.

"(c) First or refunding mortgage bonds of any such electric railroad, street railway, gas, electric-light or power company incorporated in any of the United States, which are in operation and show substantial net earnings and which are guaranteed as to principal and interest or assumed by another corporation whose bonds would be a legal investment under the provisions of paragraph (b) of this clause.

"(d) First or refunding mortgage bonds of any such electric railroad or street railway incorporated in any of the United States which are quaratreed in any of the United States which are quaratreed in survey of the United States which are quaratreed in survey of the United States which are quaratreed in any of the United States which are quaratreed in any of the United States which are quaratreed in survey of the United States which are quaratreed in survey of the United States which are quaratreed in survey of the United States which are quaratreed in s

"(d) First or refunding mortgage bonds of any such electric railroad or reet railway, incorporated in any of the United States, which are guarteed as to principal and interest, or assumed by a steam railroad or railads whose bonds would be a legal investment under the provisions of lass III of the classification of steam railroads herein.

roads whose bonds would be a legal investment under the provisions of Class III of the classification of steam railroads herein.

"(e) First or refunding mortgage bonds of any such electric railroad, street railway, gas, electric light or power company which has leased its property to any other corporation whose bonds would be a legal investment under the provisions of paragraph (b) of this clause; Provided, however, that said lease shall extend for a term of at least ten years after the maturity of said bonds at a rental at least equal to the fixed charges and taxes of the lessor, including the interest on, and a sinking fund for, the bonds in question, or provides for the payment of said bonds at maturity, and shall require the operation and maintenance of the leased property; and provided further, that an authentic copy of such lease shall be filed in the office of the Bank Commissioner, and such copy shall be preserved in his files during the life of the bonds in question.

"(f) Equipment bonds or equipment notes issued by any such electric railroad or street railway which are secured by a first lien on the equipment against the purchase of which said bonds or notes were issued at not exceeding eighty per centum of the purchase price thereof; Provided, the indenture under which said lien is established contains adequate requirements for the maintenance of the lien on any of such equipment.

"(g) Certificates of indebtedness, commonly termed 'receiver's certificates,' issued by a receiver of any such electric railroad, street railway, gas electric light or power company under an authorization of the court or courts having jurisdiction over such receiver.

"(h) First mortgage bonds of any electric railroad, street railway, gas, electric light or power company, described in paragraph (b) of this clause, which is incorporated in the Dominion of Canada, and whose property is located principally in said Dominion; Provided, that such bonds conform in all other respects to the provisions of paragraph (b), (c), (d),

of this clause.

"(1) Bonds of any corporation which owns more than ninety per centum of the capital stock and of the outstanding bonds of any electric railroad or street railway company, incorporated in this State, the railway of which is located wholly or in part therein, secured by the deposit in trust of the said stock and bonds as collateral, and which corporation has paid, in each fiscal year for the five years last preceding such investment, dividends of not less than four per centum per annum upon all its outstanding capital stock; or the bonds of any such electric railroad or street railway company which are secured by mortgage on its property and are guaranteed as to principal and interest by any such corporation.

"(1) First mortgage bonds of any company incorporated in this State.

and interest by any such corporation.

"(!) First mortgage bonds of any company incorporated in this State for the purpose of supplying water for domestic and other purposes; Provided, that such company has an exclusive franchise to serve a population of not less than ten thousand in this State, which franchise extends at least five years beyond the life of the bonds in question, and that said bonds are secured by a mortgage of the property, rights and franchises of such company.

of not less than ten thousand in this state, which franchise extends at least five years beyond the life of the bonds in question, and that said bonds are secured by a mortgage of the property, rights and franchises of such company.

(k) Notes, warrants and obligations, running for a period of not exceeding ten years from date of issue, of any electric railroad, street railway, gas and electric light or power company such as is described in paragraph (b) of this clause, and which has earned and paid dividends at the rate of not less than 4% per annum on all its outstanding stock for a term of not less than five years next prior to the date of issue; and in the notes, warrants and obligations, running for a period of not exceeding ten years from date of issue, of any such corporation which are secured by the deposit of collateral security having value in excess of the amount loaned of not less than 20%.

An Act in amendment of and in Addition to Chapter 232 of the General Laws, Entitled "Of Investments," as Amended by Chapter 687 of the Public Laws, Passed at the January Session, A. D. 1911, and as Otherwise Amended and Added to.

It is enacted by the General Assembly as follows:

Section 1. Clause VI of Section 1 of Chapter 232 of the General Laws, entitled "Of investments," as amended by Chapter 687 of the Public Laws, passed at the January Session, A. D. 1911, is hereby amended so as to read as follows:

"Bonds of Telephone Companies.—Clause VI. In the bonds of any

"Bonds of Telephone Companies.—Clause VI. In the bonds of any Telephone Company Incorporated in any of the United States, whose property is located chiefly in the United States, subject to the following description and definition:
"The term 'Funded Indebtedness' herein used shall include all bonds and notes bearing interest.

description and definition:

"The term Funded Indebtedness' herein used shall include all bonds and notes bearing interest.

"Descriptive Definition.—Location.—The property of such corporation shall be located principally in the United sStates.

"Net income.—Net income of such corporation shall be its net earnings and income after payment of all operating expenses, maintenance charges, rentals and taxes, and all guaranteed interest and guaranteed dividends paid by, or due from it.

"Eligibility for such investment.—Such corporation must have earned and received a net income in each of its three fiscal years, or three nearer periods of one year each, next preceding such investment, of not less than twice the annual interest for the current year on all its indebtedness secured by the indenture under which the bonds in question ar issued, and all prior liens, unless otherwise hereinafter specified, and shall not have defaulted on any of its obligations during the same period.

"Table of eligible telephone company bonds.—(a) Mortgage bonds of any such telephone company incorporated under the laws of any of the United States: Provided, however, that the said bonds of any such telephone company shall have received average gross earnings of not less than one million dollars in each of its three fiscal years, or three nearer period of one year, next preceding such investment.

(b) Debenture bonds of any such telephone company incorporated under the laws of any of the United States where definite covenant is made by the company that said debenture issue shall be equally secured with any future mortgage lien that may be later made by the company: Provided, however, that such company shall have received average gross earnings of not less than two million dollars in each of its three fiscal years, or three nearer periods of one year next preceding such investment.

(c) First or refunding mortgage bonds of any such telephone company incorporated in any of the United States where definite covenant is made by the company whic

(f) Collateral trust bonds of any such telephone company secured by the deposits with a trust company of bonds and of shares of stock of other tele, phone companies, under an indenture of trust which limits the amount of bonds so secured to not more than 75% of the value of the securities deposited as stated and determined in said indenture, and provided that the company issuing such collateral trust bonds shall have received average gross earnings of not less than five million dollars in each of its three fiscal years, or three nearer periods of one year, next preceding such investment and provided, further, that such telephone company shall have earned and provided, further, that such telephone company shall have earned and paid cash dividends on all its outstanding issues of stock at the rate of not less than 6% per annum during each of its five fiscal years next preceding such investment.

(g) Notes, warrants and obligations, whether secured by collateral or

such investment.

(g) Notes, warrants and obligations, whether secured by collateral or unsecured, running for a period of not exceeding ten years from date of issue, of any telephone company such as is described in paragraph (a) of this clause and which has earned and paid cash dividends on all its outstanding issues of stock at the rates of not less than 6% per annum during each of its five fiscal years noxt preceding such investment.

A true copy of the mortgage or indenture of trust securing said bonds shall be filed in the office of the bank commissioner and shall be preserved during the life of said bonds.

The aggregate investment of such deposits and income by any bank, savings bank or trust company in the bonds of any one such telephone company at par value shall not exceed 2% of said deposits held by it.

Sec. 2. This Act shall take effect from and after its passage.

An Act in Amendment of and in Addition to Chapter 232 of the General

An Act in Amendment of and in Addition to Chapter 232 of the General Laws, Entitled "Of Investments," as Amended by Chapter 687 of the Public Laws, Passed at the January Session, A. D. 1911, and as Otherwise Amended and Added to.

is enacted by the General Assembly as follows:
Section 1. Clause IX of Section 1 of Chapter 232 of the General Laws,
titled "Of Investments," as amended by Chapter 687 of the Public Laws,
ssed at the January Session, A. D. 1911, is hereby amended so as to read
follows:

"Real Estate Mortgages.—Clause 9. In the bonds of the Federal Land Banks organized pursuant to the provisions of an Act of Congress approved July 17 1916: Provided, that not more than 3% of the deposits of any bank shall be invested in said bonds.

"In loans secured by first mortgage on real estate subject to the following restrictions:

ing restrictions:

"No such loan shall be made except upon the report of not less than two officers, or trustees, or directors, or agents duly authorized to the duty by the board of trustees or directors, who shall certify according to their best judgment to the value of the premises to be mortgaged. Such report and certificate shall be in writing, and shall be filed and preserved in the records of the corporation.

"Loans on improved real estate shall not exceed 60% of such valuation.
"Loans on unimproved real estate shall not exceed 40% of such valuation."

"Loans on unimproved real estate shall not exceed 40% of such valuation.

"The aggregate amount of such loans shall not exceed 70% of such deposits, and of this authorized amount, not exceeding 30% thereof shall be on real estate located out of Rhode Island.

"In event of any such mortgage loan continuing for five years unreduced in amount, the property upon which such loan is secured, shall be reexamined and revalued, and a written report and certificate of the condition and revalue of the property at the time of such re-examination, shall be filed and preserved in the records of the corporation after the manner provided for a new loan, and such an examination and revaluation shall be made as often as every fifth year, until such loan is paid. If at the time of any such revaluation it shall appear that the property mortgaged has depreciated in value so that the loan secured thereby is in excess of the percentage limit of such value herein permitted for such loans, a reduction in the amount of the loan shall be required and secured as promptly as is practicable until the margin of safety is restored."

Sec. 2. This Act shall take effect from and after its passage

practicable until the margin of safety is restored."

Sec. 2. This Act shall take effect from and after its passage.

Under Clause VII a bank may invest in the capital stock of any bank or trust company incorporated under the laws of any of the New England States, or New York State, or of any national banking association doing business in said States. Holdings both by investment and as security for loans are limited to not more than 25% of a bank's deposits. No more than 3% of the deposits shall be invested in the stock of any one such corporation, nor shall such corporation hold, both by investment and as security for loans, more than one quarter of the capital stock of any one such bank. trust company or national banking association.

Clause VIII concerns limit of deposits in any one bank. Clauses IX, X. XI and XIII concern real estate loans and personal securities. The full text of these sections will be found in the "Chronicle" of May 20 1911, page 1388.

The General Assembly in 1919 passed an Act amending Clause IX of Section 1 of Chapter 232 of the General Laws, entitled "Of Investments," as amended by Chapter 687 of Public Laws, passed at the January Session 1911, so as to permit investments by savings banks in the bonds of the Federal Land Banks, organized pursuant to the provisions of the Act of Congress approved July 17 1916, provided, that not more than 3% of the deposits of any bank shall be invested in said bonds. Investments in loans secured by first mortgage on real estate are defined in the same law and are subject chiefly to the following restrictions: Loans on improved real estate shall not exceed 60% of the valuation; hoans on unimproved real estate shall not exceed 60% of the valuation; hoan son unimproved real estate shall not exceed 60% of the equation; hoans on unimproved real estate shall not exceed 60% of the valuation; hoan on unimproved real estate shall not exceed for more than a content of the deposits, and of this authorized amount, not exceeding 30% shall be on real estate located

exceeding 30% shall be on real estate located out of Rhode Island.

Clause XII permits investment in the note or notes of a gas, water, electric light or power, telephone, electric railroad or street railway company incorporated, or doing business, in this State, which has paid dividends of at least 4% in each fiscal year upon all its issues of capital stock for 5 years ext preceding the date of such investment; Provided, the principal of said note or notes matures at a time not exceeding 3 years from the date of investment therein; and provided, further, that said note or notes shall mature at least 5 years before the expiration of the principal franchise or franchises under which said gas, electric light or power, telephone, electric railroad or street railway company are operated; and provided, further, that the aggregate amount so invested by any bank, savings bank or trust company in the note or notes of any such corporation, together with the bonds and other securities of such corporation held, shall not exceed 2% of said deposits held by it.

Securities taken in settlement of debt may be held under Clause XIV, but the non-legal securities so obtained shall be sold within five years after being acquired, unless the time is extended.

"General Provisions.—Clause XV. (a) Securities acquired after the

"General Provisions.—Clause XV. (a) Securities acquired after the passage of this Act, which were legal investments when acquired, need not be disposed of if it happens afterwards that the net income of the corporation issuing such securities shall fall below the limit fixed by this Act, or, in the case of a city, county, town or district, if the debt limit is exceeded, unless, in the judgment of the Commissioner, it is hazardous to retain the same, in which case said Commissioner may give directions in writing requiring the disposal of such securities, and when such directions are given, such securities shall be disposed of within one year from the date of such notice, unless an extension of time is granted by said Commissioner.

"(b) Bonds which are legal investments under the foregoing provisions of this chapter and are secured by a mortgage which provides for payments to a sinking fund shall cease to be legal investments if the corporation issuing such bonds shall at any time fail to make such payments. And such bonds shall not be legal investments under the provisions of this section so long as any such payment is in arrears and unpaid.

"(c) If a corporation is formed by a consolidation or merger of two or

shall not be legal investments under under the provisions of this section is long as any such payment is in arrears and unpaid.

"(c) If a corporation is formed by a consolidation or merger of two or more corporations, and it is desired to ascertain the legality of the bonds of the successor corporation for investment of savings deposits, the earnings and income of the several predecessor and constituent corporations shall be consolidated, and the aggregate corporate income so ascertained shall be regarded as that of one and the same continuous corporation represented by the successor corporation; or, if a corporation shall acquire by purchase the property and franchises of another corporation, and a bond issue is made for the financing of the transaction, the legality of the bonds so issued with the other bonds of the purchasing corporation shall be ascertained by the same process as in the case of a consolidation or merger above provided, subject to the rules applying to the several classes of corporations described under the preceding clauses of this chapter.

"(d) If the net earnings and income of any corporation whose bonds

"(d) If the net earnings and income of any corporation whose bonds have been a legal investment under the provisions of this chapter shall fall somewhat below the requirements of this chapter for a period of not exceeding two successive fiscal years, and in the following year suc I earnings and income shall be restored to the required amount. said corporation after

such restoration of income, shall be regarded as having compiled with said requirements during said period, but during the period of failure to earn the required amount no investment shall be made in the bonds of a corporation so situated.

"(e) Serial maturities of bonds shall be considered equivalent to sinking fund provisions.

"(e) Serial maturities of bonds shall be considered equivalent to sinking fund provisions.

"Of the Segregation of Assets.—Clause XVI. (a) Every bank or trust company which maintains a savings or participation department, or so received, according to the requirements of this chapter, and such deposits, invested or uninvested, shall be set apart for the exclusive protection of the deposits in said savings or participation department, and shall not be liable for, or be used to pay, any other obligation or liability of such bank or trust company until after the payment of all the deposits in said savings or participation department, and savings or participation department of savings or participation deposits shall not render illegal any investment of savings or participation deposits shall not render illegal any investments of such deposits made prior to May 26 1908, nor compal the change of such investments for those prescribed by this chapter, except as hereinafter provided.

"(c) If any bank or trust company shall continue to hold such investments of non-legal character made prior to May 26 1908 which, in the opinion of the Bank Commissioner, are hazardous and unsafe for the investments to substitute other investments of a character in conformity with the requirements of this chapter within one year from the date of receipt of such notice, and said bank or trust company to dispose of such investments to substitute other investments of a character in conformity with the requirements of this chapter within one year from the date of receipt of such notice, and said bank or trust company that additional time is reasonably necessary in which to make such disposal or substitution in accordance with such requirement; but if it shall appear on written requires to such bank or trust company shall be kept in a distinct department of any bank or trust company, which has been set apart as provided in (a) of this clause, shall be in default in payment of either principal or interest.

"(f) Every bank or trust company shall

ments under the provisions of (c) of this clause shall not require changes or substitutions aggregating in any one year more than two per centum of the savings or participation deposits of any such trust company at the time of the passage of this Act.—"Of Savings Bank Investments & Made Before the Passage of This Act.—Clause XVII. (a) The provisions of this chapter shall not render illegal any investments held by any savings bank prior to May 26 1908, nor require the change of any such investment for those herein prescribed for the investment of savings deposits; Provided, however, if any savings bank shall hold any such investment or investments which are in default in the payment of interest or dividends thereon, or which, at any time, in the opinion of the Bank Commissioner, are hazardous or unsafe for the investment of savings deposits, the Bank Commissioner may by notice in writing require such savings bank to dispose of such investments; and such savings bank within one year from the receipt of such notice, unless such time shall be the said of the deposits of such savings bank.

"Defaulted Bonds.—Clause XVIII. If any bonds held by any savings bank shall be in default either in principal or interest, such investment shall promptly be reduced in its book value approximately to the market value of the same.

Clause XIX relates to "loans to officers of savings banks."

Clause XIX relates to "loans to officers of savings banks."

Clause XIX relates the interest, and the company of the company o

### CITIES, COUNTIES AND TOWNS IN STATE OF RHODE ISLAND.

LEGISLATURE meets blennially in odd years on the Wednesday following the first Monday in January. A constitutional amendment adopted in Oct. 1911 limits the length of each session to the first Wednesday after the first Monday in June. V. 95, p. 1435.

HISTORY OF DEBT.—For early history of the Connecticut State debt see "State and City Supplement" of April 1895, page 36. The 3½% bonds below, it is provided, "shall be exempt from taxation by or under State or municipal authority." The 4s are also exempted from taxation, but the Act provides that "this exemption shall not be construed to apply to corporations taxed under the provisions of Section 2331, General Statutes, and amendments thereof." Connecticut's debt now is as follows:

Name and Purpose.  State bonds	3 1/4 A-O 4 J-J Ceased	*April 1 1934 \$3,000,0 July 1 1936 9,062,0 Oct. 1 1885	000
--------------------------------	------------------------------	---------------------------------------------------------------	-----

INTEREST on all bonds is payable in Hartford, Conn.. but checks are mailed on request.

Net bonded debt\_\_\_(sur.)\$642,572 \$2,607,979 \$8,255,588 \$11,920,003

Net bonded debt...(sur.)\$642,572 \$2,607,979 \$8,255,588 \$11,920,003 x The General Assembly of 1915 enacted a law providing for a sinking fund of \$500,000 annually, to be taken from the State tax on the towns and used in the purchase of State or municipal bonds. The bonds so purchased are to be held and the proceeds, with the interest on the purchased bonds are to be used for the redemption, at maturity, of all State bonds. Under that law \$1,000,000 has been collected and invested with the interest, so that town and city securities of the par value of \$1,004,500 are now in the sinking fund. In addition to this, the sum of \$2,679 85 of the interest is now invested. The 1917 General Assembly authorized the State Treasurer to transfer the sum of \$3,000,000 from the Civil List Funds of the State to the sinking fund.

These valuations do not include steam or electric railroads, banks, insurance or investment companies and only a small portion of cash, bonds

or notes.

Under Chapter 106, as amended by Chapter 165, Laws of 1901, the State collects the tax on every bank, national banking association, trust, insurance, investment and bridge company whose stock is not exempt from taxation, and remits the amount so collected to the various city and town treasurers. The value of such stocks was previously included in the grand treasurers. The

POPULATION OF STATE.—Population has been as follows:

10.\_\_1,114,756 | 1870....537,454 | 1840....309,978 | 1810....261.942

100....908,420 | 1860...460,147 | 1830...297,675 | 1800...251,002

190...746,258 | 1850....370,792 | 1820....275,248 | 1790....237,946

180....622,700

DEBT LIMITATION.—The constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No county, city, town, borough or other municipality shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any town or city to protect by additional appropriations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There were formerly no general restrictions upon the issue of bonds in the statutes, such restrictions as were provided from time to time being inserted in enabling Acts and in city charters. As to towns, indeed, Section 1931, Chapter 121, of the Revised Statutes of 1902 granted unlimited power to issue bonds. The 1915 Legislature, however, by Chapter 318 passed an Act as comprehensive as it is simple. It is defined as "An Act limiting the indebtedness which towns and municipal corporations may incur," and provides that: "No municipality or subdivision thereof shall incur any indebtedness, through the issue of bonds, in excess of five per centum of its grand list, unless otherwise provided by special Act." V. 101, p. 2158.

TAX EXEMPTION.—A law was enacted by the 1917 Legislature, exempting from taxation within the State all bonds, notes and other evidences of indebtedness issued after April 1 1917 by the U. S. Government, and by any county, town, city, borough or other municipal taxing district in this State. The full text of the new law was given in the "Chronicle" of April 21 1917, page 1617.

dences of indebedness issued after April I 1917 by the U. S. Government, and by any county, town, city, borough or other municipal taxing district in this state. The full text of the new law was given in the "Chronicle" of April 21 1917, page 1617.

SAVINGS BANK INVESTMENTS—PRIVILEGES AND RESTRIC TIONS.—A complete revision of the law concerning investments by savings banks was made by the 1919 Legislature. The text of the law as it now seed to the 1919 Legislature. The text of the law as it now seed. 1. Section 3972 of the General Statutes is amended to read as follows:

Sec. 1. Section 3972 of the General Statutes is amended to read as follows: Sec. 1. Section 3972 of the General Statutes of the payment of the chapter 204 of the General Statutes. (1) In the stock or bonds or interest-bearing notes or obligations of the United States, or those for which the payment of the chapter 204 of the General Statutes. (2) not exceeding ten per centum of their deposits and surplus in bills of exchange drawn by the seller on the purchaser of goods and accepted by guch purchaser, provided such bill of exchange is indorsed by any national bank, member of a Federal Reserve bank, State bank or trust company in the payment of the company of the payment of any state bank or trust company in this State which may be authorized to issue such acceptances, nor shall the amount invested in such acceptance and bills of exchange of any one bank by any savings bank, when the payment of any part of either principal or interest-bearing obligations of any State bank or trust company in this State which may be authorized by the Legislature of s

per annum on its outstanding shares of capital stock in each fiscal year for the 5 years next preceding such investment, or in the bonds or interest-bearing obligations issued by a railroad, terminal, depot, bridge, tunnel or street railway corporation organized under the laws of any of the New England States or the State of New York assumed by a railroad corporation organized under the laws of any of the New England States and owning in fee not less than 300 miles of railroad located in said States and complying with all the provisions of this section; if any such railroad corporation shall be leased to another railroad corporation organized under the laws of any of the New England States and owning in fee not less than 300 miles of railroad located in said States, under a lease which provides for the payment by the lessee as rental an amount sufficient to pay dividends on the capital stock of the lessor amounting in the aggregate in each fiscal year of said lessor corporation during the term of said lease to not less than 4% on its outstanding capital stock, such lessor shall be regarded as having paid its dividends within the meaning of this sub-division, but in case the lessee shall hold any shares of the capital stock of the lessor, such shares shall not be considered as outstanding within the meaning of this sub-division.

(7) In bonds or debentures actually issued by a railroad corporation

lessee shall hold any shares of the capital stock of the lessor, such shares shall not be considered as outstanding within the meaning of this sub-division.

(7) In bonds or debentures actually issued by a ratiroad corporation incorporated in any of the New England States, at least ½ of the railroad of which is located in said State, whether such corporation is in possession of and is operating its own railroad or such railroad is leased to another railroad corporation incorporated in any one of the New England States, provided such bonds or debentures shall be secured either by a mortgage which was at the date thereof, or is at the time of making the investment, a first mortgage on not less than 75% of the railroad of such corporation owned in fee at the date of the mortgage, or by a refunding mortgage which provides for the retirement of all prior lien mortgage bonds of such railroad corporation, or by a mortgage which is a prior lien on some part of the railroad covered by a refunding mortgage which provides for the retirement of all outstanding prior lien bonds, or that if the railroad and railroad property of such corporation are unincumbered by mortgage, such bonds or debentures shall be issued under the authority of one of said States which provides by law that no such railroad corporation which has issued bonds or debentures shall subsequently execute a mortgage upon its road, equipment, franchise or upon any of its real or personal property, without including in and securing by such mortgage all bonds or debentures previously issued and all pre-existing debts and liabilities, and provided such corporation has paid in dividends in cash an amount equal to not less than 4% per annum on all its outstanding capital stock in each fiscal year for the five years next preceding such investments. If any such railroad company shall hold the railroad of another such railroad corporation under a lease which provides for the payment by the lessee as rental of an amount sufficient to pay dividends on the capital stoc

to not less than 4% or all the outcast and the sock, such lesses shall be regarded as having paid its evidential sock, such lesses shall be division; but in case the lesses shall hold any shares of the capital stock of the lessor such shares shall not be considered as outstanding within the meaning of this sub-division.

(8) No bonds or other interest-bearing obligations shall be made a legal investment by sub-divisions 6 and 7 in case the authorized issue thereof, cogether with all outstanding prior debts of the issuing or assuming corrections of the sub-divisions or under any of its assumed prior authorizations, after deducting therefrom, in case of a refunding mortgage, the bonds reserved under the provisions of said mortgage to retire prior debts at maturity, shall exceed 3 times the outstanding capital stock of said corporation at the date of such investment.

(9) In the bonds issued then organized under the laws of any of the New England States or the State of New York, the property of which is located wholly or in part in one of said States, or in the bonds issued by a railroad, terminal, depot, bridge, tunnel or street railway corporation, organized under the laws of any of said States, assumed by a railroad, terminal, depot, bridge, tunnel or street railway corporation, organized under the laws of any of said States, assumed by a railroad, terminal saw of said States, provided such bonds shall be secured either by a mortgage which was at the date of the mortgage, in the case of a railroad or street railway corporation, organized under the laws of any of said States, assumed by a railroad owned in fee at the date of the mortgage, in the case of a railroad or street railway corporation, owned by the corporation issuing the bonds, but have the same of a said state, as the date of the mortgage which provides for the refunding mortgage which

by endorsement by, or guaranteed principal and interest by endorsement by, or guaranteed principal and interest by endorse which guaranty has been assumed by, a corporation described in, and has complied with all the provisions of, sub-divisions 10 and 14, nor it compiles with the provisions of sub-division 16.

it complies with the provisions of sub-division 16.

(14) Any railroad corporation described in sub-divisions 10 and 13 shall comply with the provisions of this sub-division during each of the 5 fiscal years of such railroad corporation next preceding the date of such investment, before any of its mortgage bonds as described in sub-division 15 shall be made a legal investment: Such railroad corporation shall have paid the matured principal and interest of all indebtedness and shall have paid in dividends in cash to its stockholders an amount equal to at least 4% upon all its outstanding capital stock; the gross earnings from the operation of the property of such railroad corporation, including therein the gross earnings of all railroads leased and operated or controlled and operated by said corporation, and the gross earnings from the sale of coal from mines owned or con-

trolled by it, shall not have been less in amount than 5 times the amount necessary to pay the interest payable upon its entire outstanding indebtedness, the rentals of all leased lines, and the interest on all outstanding indebtedness of railroads controlled and operated which are not owned by said corporation, after deducting from said interest and rentals interest and dividends received from the stocks, bonds or notes of railroad corporations not operated by said corporation, which have been deposited with a trustee poration, but not in excess of the interest on said last-named bonds or notes.

(15). Whenever the term "mortgage bonds" is used in sub-divisions 10 to 20, inclusive, it shall mean either (a) That the mortgage securing the bonds was at the date thereof, or is at the date of such investment, a first mortgage on not less than 75% of the railroad, in the case of a railroad corporation, or the fixed property, in the case of a terminal, depot, bridge or tunnel company, owned in fee at the date of the mortgage by the corporation which ject to the lien of said mortgage is connected; that the date of said mortgage is at least 5 years prior to the date of such investment, unless the corporation issuing, assuming or guaranteeing the bond has complied with sub-division 14 for each of the 10 fiscal years of such corporation next preceding the date of such investment, but a mortgage given in substitution for and not greater in amount than such mortgage, and covering the same rainors, or the railroad owned in fee at the date of the mortgage, it is a first mortgage on at least 75% of the railroad subject to the lien of said mortgage at hill not become legal investments unless said corporation owns in fee at least 75% of the railroad subject to the lien of said mortgage, including the milesage which is represented or covered by said mortgage shall not become legal investments unless said corporation owns in fee at least 75% of the milesage which is subject to the lien of said mortgage, covering the same railroad

described above, on some part of the railroad or railroad property covered are to be refunding mortgage, and the property covered by said or for item mortgage is operated by and its operations included in the control of the control

the provisions of this section nor shall any default in the earning or payment of dividends or any failure to make the gross earnings required by this section during said period of Government control, render any bonds illega for investment which were legal at the beginning of said Government operation

or duvidends or any failure to make the gross earnings required by this section during said period of Government control, render any bonds illegal for investment which were legal at the beginning of said Government operation.

(21). Savings banks may invest not exceeding 2% of their deposits and surplus in equipment trust notes, bonds or certificates issued by, or which are guaranteed by endorsement both as to principal and interest by, or which are secured by lease of equipment to, a railroad corporation which, in case of a railroad corporation incorporated under the laws of any of the New England States, has complied with sub-division 6, or which, in the case of a railroad corporation incorporated under the laws of any other State, or of the United States, has complied with all the provisions of sub-divisions 10 and 14, provided said notes, bonds or certificates are secured by a first lien on, or by a lease and conditional sale of, new standard railroad equipment free from other encumbrances, for the purchase of which said notes, bonds or certificates were issued at not exceeding 90% of the purchase price thereof, and provided the instrument under which such notes, bonds or certificates are issued, or the lease of such equipment to the railroad corporation, provides for the proper maintenance of the equipment covered thereby and for the payment of the entire issue of such notes, bonds or certificates in not exceeding 15 annual or 30 semi-annual installments, without the release of any part of the lien or interest in any of the equipment securing such notes, bonds or certificates shall have been paid of redeemed. No equipment trust notes, bonds or certificates shall be made a legal investment by this section in case the series authorizes an amount which, added to the total debt as defined in sub-division 8, in the case of a railroad corporation organized under the laws of any of the New England States, or sub-division 16 in the case of a railroad corporation organized under the laws of such railroad corporatio

such equipment trust notes, bonds or certificates, shall exceed 3 times the capital stock of such railroad corporation outstanding at the time of making said investment.

(22). Savings banks may invest not exceeding 2% of their deposits and surplus in bonds issued by any street railway corporation incorporated in this State the railway of which is located wholly or in part therein, provided such bonds are secured by a mortgage which was at the date of the mortgage or is at the date of the investment a first mortgage on not less than 75% of the railway of such corporation owned in fee at the date of the mortgage, and provided the gross earnings of said corporation each fiscal year for the 5 years next preceding the date of such investment were not less than \$100.000, and that said corporation in each of said years earned and paid in dividends in cash an amount equal to at least 4% of the debt of such corporation.

Sections 23, 24 and 25, given below, add the bonds of water companies and telephone companies to the list of securities in which banks may invest.

(23). Savings banks may invest not exceeding 2% of their deposits and surplus in mortgage bonds and other interest-bearing obligations of any water company incorporated in this State supplying water for domestic use to communities in this State having a population of not less than 50.000 whose franchise is an exclusive one and unlimited in time, provided the amount of all the outstanding debts of such company does not exceed its capital stock, and provided such water company has earned each year and surplus in bonds of any telephone company incorporated in this State supplying water for domestic use to communities in this State having a population of not less than 50.000 whose franchise is an exclusive one and unlimited in time, provided the amount of all the outstanding debts of such company does not exceed its capital stock, and provided such water company has earned each year and surplus in bonds of any telephone company incorporated in this State, whose

able thereunder to 12% of the valuation of the projecty more saged, accounding the gross income of such telephone company shall have been not less than 30 company next preceding the date of such investment.

(25). Savings banks may invest not exceeding 2% of their deposits and surplus in bonds of any telephone company incorporated in any of the New England States, or in the State of New York, and secured by a first moretage upon at least 75% of the property of such telephone company, or by the deposit with a trust company incorporated under the laws of one of the New England States or of the State of New York of bonds or shares of stock, or both, of other telephone company, or by the deposit with a trust company incorporated under the laws of one of the New England States or of the State of New York of bonds or shares of stock, or both, of other telephone company incorporated under the laws of one of the New England States or of the State of New York of bonds or shares of stock, or both, of other telephone company shall be made a legal investment. No bond of a telephone company shall be made a legal investment under sub-divisions 24 and 25 unless during each of the fiscal years of such telephone company shall be made a legal investment under sub-divisions 24 and 25 unless during each of the fiscal years of such telephone company shall be made a legal investment under sub-divisions 24 and 25 unless during each of said years, in cash dividends an amount each of the sub-division of the sub-divisions and the sub-divisions 24 and 25 unless than 6% per amount of anisal stock of such telephone company shall have paid; during each of said years, in cash dividends an amount each sub-division shall not have been less than the total amount necessary to pay the interest upon its entire outstanding allows the telephone company shall not have been less than the total amount necessary to pay the interest upon its entire outstanding called the company. Incorporated under the laws of this State, supplying gas or electricity for

section.

(30) If any street railway company, the bonds of which were a legal investment prior to May 28 1913 shall fail, in any fiscal year subsequent to said date, to pay dividends equal to 4% upon its outstanding capital stock, the bonds of such railway company shall cease to be a legal investment until such company has compiled with all the provisions of sub-division 22

(31) In the sub-divisions of this section which relate to railroad bonds the word "debt" shall be construed to mean obligations issued or assumed evidenced by a series of bonds or other interest-bearing instruments which mature at a time or times exceeding 3 years after their date, and the term "railroad corporation" shall be construed to mean a corporation which owns or is in possession of and operating a railroad or railway of the class usually operated by steam power. Street railway corporations are not railroad corporations within the meaning of this section.

(32) Savings banks may invest not exceeding 2% of their deposits and surplus in notes secured by a trust indenture of any stocks or bonds or other obligations which under provisions of this section may be purchased by savings banks; the market value of any securities given shall be at least 20% in excess of the amount of the loan, provided the bonds under such trust indenture shall be legal investment for the savings banks of this State.

(33) Savings banks may invest not exceeding 10% of thier deposits and surplus in the obligations of the Government of the Kingdom of Great Britain and Ireland, and the Government of the French Republic and the Government of the Dominion of Canada or any of its provinces, provided such obligations have a fixed and definite date of maturity and shall be the direct obligations of such Government or province and that the full faith and credit of such Government or province shall be pledged for its payment, principal and interest.

The Bank Commissioner on May 1 1919 issued his usual semi-annual compilation enumerating the municiaplities and obligations falling within the definition of legal investments. This was published in the "Chronicle" of June 21, page 2551.

TRUST FUNDS—HOW LOANED OR INVESTED.—We find in Sec. 54 of Chapter 22 of the Revised Statutes of 1902 the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in:

SEC. 25

### CITIES, COUNTIES AND TOWNS IN THE

### STATE OF CONNECTICUT.

The relation which the towns, cities and boroughts of this State bear to one another is peculiar and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 167. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List" of each town) is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. Many towns and cities, however, whose limits were about identical, have been consolidated (including Stratford, Bridgeport, New Britain, New London and New Haven), and the outstanding bonds of both town and city are reported together without distinction.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city, it is necessary to take into account the State, town, city and school district evies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for, though distinct corporations, their debts are to greater or less extent the debts of a single community.

\*\*AGGREGATE MUNICIPAL INDEBTEDNESS.\*\*

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and counties in the State was in 1916 \$60,390,633. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

	Funded debt.	Floating debt.	* Total debt.
1916	_\$51,268,300 00	\$9,122,333 00	\$60,390,633 00
1912	37,058,361 70	6,481,868 99	43.540.230 69
1908		7.865.551 44	38.463.704 91
1904		5.269.101 56	32,520,460 61
1900	_ 22,142,993 58	5.005.323 09	27.624.827 42
1896		4.384.980 56	24,581,066 55
1892	_ 16.023.832 46	4.473.571 36	20,627,058 48
1888	15,569,818 67	3.759.642 86	19.392.804 89
1884	_ 14,655,903 75	2,980,386 15	17,636,289 91
1880	15.388,375 69	1,967,623 60	17,355,999 29
1877	14,437,742 93	2,713,584 35	17.151.327 28

\* In 1904 and at former periods the county debt (\$344,500 in 1904) was not divided into funded and floating debt, and therefore is included only in total debt column.

DERBY.

This city is situated in New Haven County. Named May 1675; Date of organization uncertain. By enactment of the Legislature in 1893 the town of Derby, borough of Birmingham, and the school districts of the town, were consolidated under one form of government, assuming the name of the "City of Derby." The consolidation took effect on Jan. 1 1894, and the debts of the town, borough and school districts were assumed by city. Road and Bridge Bonds.

LEGISLATURE meets annually the first Wednesday in January, and length of sessions is not limited.

HISTORY OF DEBT.—The early historical details of New York State's debt from 1817 to 1894 will be found in the "State and City Supplement" of April 1893, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of \$1,000,000 per year, and practically wiped out.

In Nov. 1895 the voters approved a bond issue of \$9,000,000, for the purpose of enlarging and improving the Erle, Oswego and Champlain canals. These bonds were all issued and have since been redeemed. In 1903 a further issue of \$101,000,000 canal bonds was authorized, and these bonds have all been sold. [A bill, signed by the Governor April 17 1912, authorized the State Comptroller to issue canal improvement bonds made payable in foreign currency. V. 94, p. 1131.] At the 1905 election a constitutional amendment was adopted giving authority to create an aggregate debt of \$50,000,000 for highway purposes, and all of these bonds have been sold. The question of issuing an additional \$50,000,000 bonds for highways received a favorable vote in Nov. 1912, and of these \$30.000,000 have been issued. In Nov. 1909 the voters approved the issuance of \$7,000,000 bonds for the Cayuga and Seneca Canals, all of which have been sold. In 1910 the voters approved the issuance of \$2,500,000 bonds, all of which have been sold. for the acquisition of the Palisades Interstate Park. At the election Nov. 7 1916 a favorable vote was polled on the referendum proposition providing for the issuance of \$10,000,000 additional bonds for this purpose and for State Forest Preserve, and of which \$2,500.000 honds for the sound of the provisions of Chap. 394. Laws of 1911, and Chap. 252, Laws of 1914, Chap. 335, Laws of 1915, \$1,284,000 bonds were authorized for a State Reservation at Saratoga Springs. These bonds were all issued, but \$665,000 have been redeemed, leaving outstanding Apr. 30 1919 \$619,000. A proposition to issue \$19,000,000 barge canal ter

outstanding Apr. 30 1919, were as for	IOWS.

STATE DEBT FOR A SERIES OF YEARS.—The 1916, 1917 and 1918 figures of gross State debt given below are for the fiscal year beginning with June 30 1916, the year having been changed from Sept. 30 to this date by Chap. 118, Laws of 1916. All other figures in the following table are for the old date (Sept. 30):
1918 \$236,214,660 | 1909. \$41,230,660 | 1899. \$10,185,660 | 1875. \$28,328,686 | 1917 | 236,309,660 | 1908. 26,230,660 | 1898. 9,340,660 | 1870. 8,641,606 | 1916 | 211,404,660 | 1907. 17,290,660 | 1897. 5,765,660 | 1865. 50,861,349 | 1915 | 186,400,660 | 1906. 10,630,660 | 1893. 660 | 1860. 34,182,975 | 1914 †159,260,660 | 1905. 11,155,660 | 1892. 763,160 | 1850. 23,507,874 | 1913\*108,355,660 | 1904. 9,410,660 | 1891. 2,927,655 | 1840. 18,385,309 | 1912. 109,702,660 | 1903. 9,665,660 | 1890. 4,944,304 | 1830. 8,635,035 | 1911. 79,730,660 | 1902. 9,920,660 | 1885. 9,461,854 | 1820. 2,983,500 | 1910. 57,230,660 | 1900. 10,130,660 | 1880. 9,114,054 | 1816. 2,905,535 † Comptroller's temporary loan certificates amounting to \$650,000 were also outstanding Sept. 30 1913 \$27,000,000 notes issued in anticipation of the sale of bonds.

TAX VALUATION, TAX RATE, &c.—Large increase in values for

TAX VALUATION, TAX RATE, &c.—Large increase in values for 1904, due mainly to New York City's real estate being assessed about full value. The constitutional amendment adopted in 1905 permits interest and sinking fund requirements to be met out of funds in the Treasury instead

of by means of a direct tax as heretofore. No direct State levy, therefore, was made in 1906 to 1910, revenue being entirely raised through the operation of mortgage, stock transfer, liquor, inheritance and corporation taxes. In July 1911, however, the Legislature again imposed a direct tax of 6-10 of a mill on each dollar of real and personal property. In 1912 the Legislature made provision for a direct tax levy of one mill. At the 1913 session, in order to avoid the levying of a direct tax, a bill was introduced to permit the transfer to the general fund of a part of the sinking fund. This measure, however, failed to pass both houses. V. 96, p. 1435. On Sept. 17 1913, while the Legislature was in extra session, a bill was passed authorizing the levy of a direct tax of 5805-10000 of a mill. In 1914 a bill was passed providing for a direct tax of three hundred and fifty-five thousandths of a mill but this was vetoed by the Governor. V. 98, p. 1404. At the 1915 session of the Legislature provision was made for the levy of a direct tax of one and seven-tenths mills. V. 100, p. 1525. No direct State tax was imposed by the 1916 Legislature. In 1917 the Legislature provided for a direct tax of 1.08 mills, and in 1918 it imposed a direct tax of 1.06 mills.

\* The direct State tax, it will be noticed from the above, is always reck-oned on the valuations of the previous year, these being the latest figures available at the time of the session of the Legislature.

available at the time of the session of the Legislature.

POPULATION OF STATE.—New York ranks first in population among the States of the Union. The following gives the U. S. Census figures, except 1905 and 1915 returns, which were compiled under State supervision. 1915.—9.687.744 [1890.—\*6.003.744 [1850.—3.097.394 [1810.——959.049 [1910.—9.113.614 [1880.—5.082.871 [1840.—2.428.921 [1800.——589.051 [1905.—8.067.308 [1870.—4.382.759 [1830.—1.918.608 [1790.—340.120 [1900.—7.268.894 [1860.—3.880.735 [1820.—1.372.812]]

\*Includes population (5.321) of Indian reservations, specially enumerated.

CANASERAGA CREEK IMPROVEMENT BONDS.—On July 1 1910 the State Water Supply Commission sold under authority of Chap. 54, Consolidated Laws of 1909, and on behalf of the Canaseraga Creek Improvement District in Livingston County, \$200,000 5% bonds, due \$5,000 yearly from 1915 to 1954, incl. V. 91, p. 110. These bonds are payable by assessment upon the lands and properties in such improvement district.

provement District in Livingston Country, \$200,000 5% boads, due \$5,000 by early from 1915 to 1954, incl. V. 91, p. 110. These bonds are payable by assessment upon the lands and properties in such improvement district. CONSTITUTIONAL AMENDMENT CHANGING CLASSIFICA-TION OF CITIES.—At the Nov. 1907 election an amendment to Sec. 2 of Art. 12 of the constitution was adopted by a vote of 309,159 "for" to 123,919 "against." This amendment alters Sec. 2 by changing the population of cities of the first class from "250,000 or more" to "175,000 or more," and cities of the second class from "50,000 and less than 250,000" to "50,000 and less than 175,000." This section was printed in full in V. 85, p. 359.

NEW CONSTITUTION DEFEATED.—A revised Constitution drafted by the Convention of 1915, in session from April 8 to Sept. 10. was overwhelmingly defeated at the general election Nov. 2 1915. V. 102, p. 172. The changes proposed by the Convention were explained in an "address to the people," which was given in full in the "Chronicle" of Sept. 18 1915, page 892. The voters, at the general election on Nov. 7 1916, defeated the question of holding another constitutional convention. V. 104, p. 86.

DEBT LIMITATION—STATE.—The provisions of the fundamental law restricting the power of the Legislature over the issue of debt under the Constitution of 1894 are contained in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts—power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which it was ralsed, or to repay s

such debt as it falls due, and also the principal of such debt when it becomes due."

DEBT LIMITATION—CITIES, COUNTIES, TOWNS AND VILLAGES.—The constitution of 1894 puts a general and uniform limit to the power of counties and cities of the State to contract and put out their obligations, leaving the Legislature to fix the debt-making power of villages and towns only. These provisions are found in Art. 8, Sec. 10. We give that section in full below. The separation into paragraphs and the figures in parentheses which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to any particular portion can the more readily find the part desired.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village purposes. This section shall not prevent such county, city, town or village purposes. This section shall not prevent such county, city, town or village purposes. This section shall not prevent such county, city town or village purposes. This section shall not prevent such county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing indebtedness, shall exceed 10% of the assessed valuation of the real estate of such county or city subject to taxation as it appeared by the assessment rolls of said county or city such as may now exist, shall be absolutely void, except such as may now exist, shall be absolutely void, except such as may now exist, shall be absolutely void, except such as may now exist, shall be absolutely void, except such as may now exist, shall be absolutely of the assessed valuation of its real estate subject to taxation shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) T

for the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

At the 1909 election a constitutional amendment with reference to the exclusion of debt incurred for rapid transit and dock purposes by New York City, and with reference to the exclusion after Jan. 1 1910 of water bonds issued by third class cities, was ratified by the voters. In November 1917 the voters adopted an amendment to the constitution providing that debts incurred by any city of the first class after Jan. 1 1904 to provide for the supply of water, are not to be included in ascertaining the power of a city to become indebted. Previously this section simply applied to New York City. The amendments referred to change sub-division (6), making it read as follows:

(6) All certificates of indebtedness or revenue bonds issued in anticipal.

the supply of water are not to be included in ascertaining the power of a city to become indebted. Previously this section simply applied to New York City. The amendments referred to change sub-division (6), making it read as follows:

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted; except that debts incurred by any city of the first class after the first day of January, nineteen hundred and four, and debts incurred by any city of the third class as the constitution of the city of the third class after the first day of January, nineteen hundred and eight, and debts incurred by any city of the third class at the constitution of the city of city of the city of c

The 1895 Legislature passed an Act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, maifeasance or negligence of public officers." The full text of this law was published in the "Chronicle" of June 8 1895. V. 60, p. 1023.

chasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers. The full text of this law was published in the "Chronicle" of June 8 1895. V. 60, p. 1023.

HOME RULE BILL.—On April 10 1913 a bill was signed (given in full in V. 96, p. 1108), conferring on all cities full powers of local self-government.

OPTIONAL CITY GOVERNMENT LAW DECLARED VALID.—
The Court of Appeals on Dec. 22 1917 declared valid the optional city government law passed by the Legislature in 1914. V. 105, p. 2560.

BILL REGULATING ISSUANCE AND SALE OF MUNICIPAL AND SCHOOL BONDS.—The general municipal law was amended in 1917 (Chapter 534) providing that municipal bonds having no coupons attached must have the payee's name inserted and registered with the treasurer or other designated official, before inferest shall be paid. The bill also provides that all bonds hereafter issued by any municipal corporation, or by any school district or civil division of the State shall be sold, in the case of first class cities as required by its charter or special act, and in the case of second class cities, as required by the second class cities law, and in all other cases, bonds must be sold at public sale not less than 5 or more than 30 days after publication of offering. The full text of the 1917 amendment was published in the "Chronicle" of May 19 1917, page 2031.

BILL PERMITTING LEGALIZING OF MUNICIPAL BONDS BY SUPREME COURT.—The 1911 Legislature passed a bill amending the general municipal corporations in relation to bond issues, pursuant to statute authorizing such procedure, may be legalized and confirmed by the Sup.eme Court instead of requiring legislative enactments. This bill was given in full in the "Chronicle" of Dec. 9 1911, page 1619. See also "Chronicle" of Feb. 3 1912, pages 316 to 318, inclusive. The Appellate Division of the Supreme Court at the July 1913 term declared the Act to be constitutional. V. 97, p. 211.

EXEMPTION FROM TAXATION.—Sec. 8, Article Two, Chapter 2

thereof," are exempt from taxation. V. 104, p. 1513.

TAXATION ON MORTGAGES.—Mortgages on real property whelly within the State of New York are not subject to taxation of any kind, the only charge being the payment of a recording tax of ½ of 1%. Important changes, however, were made by the 1916 Legislature in that section of the mortgage recording tax law, relating to mortgages and bonds secured by real property both within and without the State—a condition which oft-times applies in the case of corporation mortgages.—V. 103, p. 551 and 552. Among these was the amendment to Section 264 of this law relating to an optional tax on prior advanced mortgages on real property. It applies to mortgages recorded prior to July 1st 1906 (the date when the mortgage recording tax went into effect) and bonds secured thereby. When first enacted this section was intended to enable the holder of any such bond to present it to the recording officer in the county where the mortgage was first recorded and pay a tax on the whole amount at the prevailing rate\_of ½ of 1%, thus putting such bonds on a parity with

those issued subsequent to the recording tax law as regards exemption from the personal property tax. A ruling of the Attorney-General (V. 95, p. 993) held that such bonds could only be exempted from the personal property tax to the extent that the mortgage covered real property within the State. The 1916 amendment made it clear that the whole amount of such bonds would be taxed under this section, and when the recording tax was paid the bonds would become exempt from the personal property tax. Another amendment of 1916, to Section 260, provided that when a mortgage was recorded covering property, both within and without the State, the tax could be paid on the entire amount, and the whole value of bonds be exempted from the personal property tax. The Legislature in 1917 again amended this section of the law (Chapter 72, Laws of 1917) so that now the situation is as it was prior to 1916, that the tax can be paid only on the value of the mortgaged property within New York State, and bonds are exempt pro rata only, the remaining portion of the bond being liable to personal property assessment as an investment, without deduction for indebtedness of the owner. See "Chronicle" of May 5 1917, pages 1762 and 1763.

Indebtedness of the owner. See "Chronicle" of May 5 1917, pages 1762 and 1763.

TAX ON SECURED DEBTS OR INVESTMENTS.—In July 1911 the Legislature passed a bill providing for a tax of ½ of 1% on bonds and other obligations secured by property located outside the State (and also on unsecured debt), and for exemption of the same from the annual tax on personal property. The 1915 Legislature suspended the operation of the law referred to until May 1 1915 and also passed a bill increasing the registration fee on secured debts registered between May 1 and Nov. 1 1915 from ½ to ¾ of 1% and limiting the period of exemption to 5 years. The definition of secured debts was extended at this time so as to include such proportion of a bond. &c., secured by mortgage or deed of trust recorded in the State of New York, and covering also property outside the State, as the value of the property outside the State bears to the value of the entire mortgaged property. As this law expired by limitation on Nov. 1 1915, the 1916 Legislature passed a bill reviving the same until Jan. 1 1917 and also providing that bona fide bond dealers may be permitted to deduct their debts from the value of such securities as are held by them for sale.

The law having expired in Jan. 1917, the 1917 Legislature passed a new law changing the term "secured debts" to "investments," the definitions per \$100 annually, and may be paid for one or more years not exceeding fise. The 1917 bill also amends the inheritance tax law to provide a penalty of 5% on any investment owned by a decedent on which the investment tax has not been paid. See "Chronicle" of May 5 1917, pages 1761 and 1762 for full text of law as signed by Governor Whitman on June 1 1917; also see "Chronicle" of July 14 1917 (page 126) and Aug. 11 1917 (page 553). Under the State Income Tax Law of 1919 Legislature by Chapter 627 (which received the approval of the Governor on May 14 1919) enacted a search of the second the provest of the Governor on May 14 1919) enacted a

ing the period of years for which such tax shall have been paid," shall be exempt from taxation under the Income Tax Law.

STATE INCOME TAX LAW.—The 1919 Legislature by Chapter 627 (which received the approval of the Governor on May 14 1919) enacted a State Income Tax Law. This was done by amending Chapter 62 of the Laws of 1909, entitled "An Act in relation to taxation, constituting Chapter 60 of the Consolidated Laws," by adding a new article, to be Article 16. The law was published in full in the "Chronicle" of May 10 1919, pages 1883 to 1887. It imposes an annual tax upon every resident of the State of 1% of the amount of net income not exceeding \$10,000, 2% of the amount of net income in excess of \$50,000. A like tax is imposed with respect to the net income from all property owned and from every business, trade, profession or occupation carried on in the State of New York by natural persons not residents of the State. The tax is first to be levied in the year 1920 and based upon the taxable income for the calendar year 1919. In the case of a single person, a personal exemption of \$1,000 is allowed, while in the case of the head of a family or a married person living with husband or wife the personal exemption is \$2,000. There is a further exemption of \$200 for each person (other than husband or wife dependent person is under 18 years of age or is incapable of self support because mentally or physically devective. The income tax superseds the personal property tax. Of the revenue collected, 50% goes into the State Treasury while the remaining 50% is distributed to the Treasurers of the several towns and cities within the county.

At the same time the Legislature (Chapter 628 of the Laws of 1919, approved May 14 1919) passed an Act increasing the tax on net incomes of corporations from 3% to 4½% annually, and extending the application of the law so as to make it apply to business corporations in general in the State instead of merely to manufacturing and mercantile corporations. The law was printed in the i

CONDEMNATION OF PRIVATE PROPERTY FOR PUBLIC USE.— In Nov. 1911 a proposed constitutional amendment relating to the taking of private property for public use was defeated. V. 93, p. 1679. A similar amendment permitting municipalities to condemn property in excess of the amount actually needed for public parks and streets was ratified at the gen-eral election in Nov. 1913 (V. 97, p. 1837).

TAX LAW RELATIVE TO INVESTMENTS IN STATE BONDS BY SAVINGS BANKS, TRUST COMPANIES AND INSURANCE COMPANIES.—Section 190 of the Tax Law (Chapter 60, Consolidated Laws) provides that every corporation, company or association required by Section 187, 188 or 189 of that Chapter, to pay to the State an annual tax equal to a percentage of its gross premiums, capital stock, surplus, undivided profits or undivided earnings for the privilege of exercising its corporate franchise, or carrying on its business in such corporate or organized capacity, which shall own any State bonds, shall have credited to it annually to apply upon or in lieu of the payment of such tax, an amount equal to 1% of the par value of such bonds bearing interest at a rate not exceeding 3% annually, and owned and held in the name of such corporation, company or association. The text of this bill was given in V. 84, p. 1216.

At the 1913 session a law was passed proposing to increase the credit to 1½% on all holdings of bonds at not exceeding 3% interest and allowing a credit of ½ of 1% on all bonds bearing more than 3% interest and not exceeding 4% interest. This law was repealed, however, at the special session which convened June 16 1913. V. 96, p. 1784.

SAVINGS RANK INVESTMENTS—POWEP AND DESTRICTIONS.

exceeding 4% interest. This law was repealed, however, at the special session which convened June 16 1913. V. 96, p. 1784.

SAVINGS BANK INVESTMENTS—POWER AND RESTRICTIONS.
—The general banking law, known as Chap. 2 of the Consolidated Laws, was completely revised by the Legislature of 1914, but no material change was made in that part of the law regulating investment by savings banks, except that the section dealing with this subject is now numbered 239, instead of 146, and its provisions apply to the sums credited to the guaranty fund as well as to savings bank deposits. The Legislature in 1915 passed an Act authorizing banks to invest in certain judgments against the State and in contracts entered into by the special examiner and appraiser of canal lands. (V. 100, p. 1525). Another amendment passed in 1915 adds to Paragraph A of subdivision 7, of Section 239 of the Banking Law, the words which we have given in italics. The purpose of the amendment was to remove any question as to the legality of the refunding bonds issued by the New York Central RR. since the last consolidation with the Lake Shore & Mich. Southern Ry, and other roads. In 1916 the Legislature passed an amendment to sub-division 8 of Section 239 relating to promissory notes in which investments may be made. This amendment also adds to the banking law a new paragraph (Sub-division 10) and allows the investment by savings banks in the bonds of the land bank of the State of New York. See V. 102, p. 1825. Three important changes were made in the banking law by the 1918 Legislature. The first of these amends subdivision 5 by granting savings banks much broader authority to invest their funds in the securities of municipalities in contiguous States. Formerly the qualifications and limitations for municipalities in these States were the same as for those in other States. Now it is provided that they may invest in the stocks or bonds of any incorporated city, county, village or town situated in one of the States of the United States which adjoins the

Sec. 239. A savings bank may invest the moneys deposited therein, the sums credited to the guaranty fund thereof and the income derived therefrom, in the following property and securities, and no others, and subject to the following restrictions:

1. The stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is piedged to provide for the payment of the interest and principal, including the bonds of the District of Columbia. The State Attorney-General ruled that this sub-division does not authorize savings banks to invest in the land purchase bonds of the Philippine Islands. V. 78, p. 298.]

2. The stocks or bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of the State.

onds of the Philippine Islands. V. 78, p. 298.]

2. The stocks or bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of the State of the United States upon which there is no default and upon which there has been no default for more than 90 days, provided that within 10 years immediately preceding the investment such State has not been in default for more than 90 days, provided that within 10 years immediately preceding the investment such State has not been in default for more than 90 days in the payment of any part, principal or interest, of any debt duly authorized by the Legislature of such State to be contracted by such State since Jan. 1 1878.

[On July 24 1909 the Attorney-General rendered an opinion to the effect that bonds of the State of Oklahoma are legal investments for savings banks under the terms of this sub-division. The right of the banks to invest in these bonds was questioned for the reason that Oklahoma had not existed as a State for ten years. The Attorney-General, however, was of the opinion that this does not prevent its bonds from fulfilling the requirements of the law so long as there has been no default within ten years on any of the obligations. V. 89, p. 298.]

(On Aug. 11 1909 the Attorney-General held that Port Commission 5% bonds of the State of Louislana "maturing at any time between July 1 1924 and July 1 1959" were not legal investments for New York State savings banks. The Attorney-General mentioned as a ground of objection to the Port Commission bonds that they are not a direct obligation of the State of Louislana. This view, however, is not concurred in by the United States authorities, for on Oct. 23 1911, the Assistant Attorney-General for the Post Office Department, rendered an opinion holding that the bonds referred to are an obligation of the State of Louislana, and in accordance with this advice the Treasurer of the United States, on March 11 1912 announced that the bonds would be accepted by his office as security for postal

4. The stocks, bonds, interest-bearing obligations or revenue notes and as a discount of any city, county, town, village, school district, union free pursuant to law and that the faith and credit of the municipality or district that issued them are piedged for their payment.

5. (a) The stocks or bonds of any incorporated city, county, village or town, situated in one of the States of the United States which adolons the State of New York. If at any time the indebtedness of any such city, town or village, together with the indebtedness of any district or other municipal corporation or sub-division, except a county, which is wholly or in part included within the boundaries or limits of said city, town or village, less its water debt and sinking fund, or the indebtedness of any such county, town or village for the purposes of taxation, les bonds and stocks shall off or the purposes of taxation, cease to be an authorized investment for the moneys of savings banks.

(b) The stocks or bonds of any incorporated city situated in any other of the States of the United States which was admitted to Statehood prior to Jan. 1 1896, and which, since Jan. 1 1861, has not repudiated or defaulted in the payment of any part of the principal or interest of any debt authorized by the Legislature of any such State to be contracted, provided said city has a population, as shown by the Federal Census next preceding said investing a such court of the states of the United State to be contracted, provided said city has a population, as shown by the Federal Census next preceding said investing a such state of the contracted, provided said city has a population, as shown by the Federal Census next preceding said investing a such state of the contracted provided said city has a population, as shown by the Federal Census next preceding said investing the such states of the

V. 104, p. 877.1 [Bonds of the City of Newark, N. J., were declared legal investments for savings banks by Attorney-General on July 11 1917.—V. 105, p. 304.]
6. in bonds and mortgages on unincumbered real property situated in this State to the extent of 60% of the appraised value thereof. Not more than 65% of the whole amount of deposits and guaranty fund shall be so loaned or invested. If the loan is on unimproved and unproductive real property, the amount loaned thereon shall not be more than 40% of its appraised value. No investment in any bonds and mortgages shall be made by any savings bank except upon the report of a committee of its trustees charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged or to be mortgaged. according to their judgment, and such report shall be filed and preserved among the records of the corporation.

7. The following bonds of railroad corporations:

(a) The first mortgage bonds of any railroad corporation of this State the principal part of whose railroad is located within this State, or of any railroad orporation of this or any other State or States connecting with and controlled and operated as a part of the system of any such railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of this State or such connecting railroad corporation, respectively, such investment such railroad corporation of this State or such connecting railroad or such railroad corporation, or such connecting railroad or such railroad corporation, or such connecting railroad company, respectively, including all bonds issued or to be issued under any mortgage securing any bonds, in which such investment shall be made. If by means of consolidation a railroad corporation, which is such investment shall be made, in the mean of the such railroad corporation of means of the consolidation and if the total mortgage indebtedness of such railroad corporation, and if the outstanding capital stock of the railroad corporation, and if the outstanding capital stock of the railroad corporation, and if the outstanding capital stock of the railroad corporation, and if the outstanding capital stock of the railroad corporation, and if the outstanding capital stock of the consolidation of the such and the s

of an issue to retire all prior mortgage debts of said raliroad company, provided that the bonds authorized by this paragraph are secured by a mortgage dated, executed and recorded prior to Jan. 1 1905.

(e) The mortgage bonds of any ráliroad corporation incorporated under the laws of any of the United States which actually owns in fee not less than 500 miles of standard-gauge raliway, exclusive of sidings, within the United States, provided that at no time within five years next preceding the date of any such investment such raliroad corporation shall have failed regularly and punctually to pay the matured principal and interest of all its mortgage indebtedness and in addition thereto regularly and punctually to have paid in dividends to its stockholders during each of said five years an amount \*at least equal to 4% upon all its outstanding capital stock; and provided, further, that during said five years the gross earnings in each year from the operations of said company, including therein the gross earnings of all raliroads leased and operated or controlled and operated by said company, and also including in said earnings the amount received directly or indirectly by said company from the sale of coal from mines owned or controlled by it. shall not have been less in amount than five times the amount necessary to pay the interest payable during that year upon its entire outstanding indebtedness, and the rentals for said year of all leased lines, and further provided that all bonds authorized for investment by this paragraph shall be secured by a mortgage which is at the time of making said investment or was at the date of the execution of said mortgage, (1) a first mortgage upon not less than 75% of the raliway owned in fee by the company issuing said bonds, exclusive of sidings at the date of said mortgage. But no one of the bonds so secured shall be a legal investment in case the mortgage issued to retire all prior lien mortgage debts of said company outstanding or refunded.

I an opinion rendered by the At

covers a mileage at least 25% greater than is covered by any one of the prior mortgages so to be refunded.

[\*In an opinion rendered by the Attorney-General on Jan. 13 1908, stating that bonds of the Missouri Pacific Ry. Co. were not legal investments for savings banks, owing to the fact that the dividend for the 6 months ending Dec. 31 1907 had been paid with a new issue of stock, he held that the words "an amount" must necessarily mean the payment thereof in cash. V.86, p.494.1 (f) Any railway mortgage bonds which would be a legal investment under the provisions of paragraph (e) of this subdivision, except for the fact that the railroad corporation issuing said bonds actually owns in fee less than 500 miles of road, provided that during five years next preceding the date of any such investment the gross earnings in each year from the operations of said corporation, including the gross earnings of all lines leased and operated or controlled and operated by it, shall not have been less than ten million dollars.

(g) The mortgage bonds of a railroad corporation described in the foregoing paragraph (e) or (f) or the mortgage bonds of a railroad owned by such corporation, assumed or guaranteed by it by indorsement on said bonds, provided said bonds are prior to and are to be refunded by a general mortgage of said corporation, the bonds secured by which are made a legal investment under the provisions of said paragraph (e) or (f); and provided,

further, that said general mortgage covers all the real property upon which the mortgage securing said underlying bonds is a lieu.

Inder the provisions of paragraph (e) or (g) of this subdivision, except for the fact that the railroad corporation issuing said bonds actually owns in the less than 500 miles of road, provided the payment of principal and interest of said bonds is guaranteed by indorsement thereon by, or provided reclusing mortgage bonds are a legal investment in one to mortgage is, of paragraph (e) or (f) of this subdivision. But no one of the bonds so guaranteed or assumed shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which, together with all the outstanding prior debts of the corporation making said guaranty or so assumed shall except the company of the company so the stock of said corporation at the time of making said investment.

(1) The first mortgage bonds of a railroad the entire capital stock of which, except shares necessary to qualify directors, is owned by and which is ment under the provisions of paragraph (a), (e) or (f) of this subdivision, provided the payment of principal and interest of said bonds is guaranteed by endorsement thereon by the company so owning and operating said road, and further provided the mortgage securing said bonds does not authorize an issue of more than \$20,000 in bonds for each mile of road covered thereby, when the mortgage securing the same shall authorize a total issue of bonds which, together with all the outstanding prior debts of the company making said guaranty, including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of said or shall company to the provisions of this section shall not be rendered illegal as investments though the property upon which they are secured has been or shall be conveyed to another corporation, and though the railroad corporation which issued or assumed said bonds has been or shall be conveyed to

S. (a) Promissory notes payable to the order of the savings bank upon demand, secured by the pledge and assignment, if necessary, of the stocks or bonds of any of them enumerated in sub-divisions one, two, three, four, five and ten of this section or by the railroad bonds or any of them mentioned and described in sub-division seven of this section, but no such loan shall exceed ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge deprectate in value after the making of such loan, the savings bank shall require an immediate payment of such loan or of a part thereof or additional security therfore, so that the amount loaned thereon shall at no time exceed ninety per centum of the market value of the securities so pledged for such loan.

(b) Promissory notes made payable to the order of a savings bank

per centum of the market value of the securities so pledged for such loan.

(b) Promissory notes made payable to the order of a savings bank upon demand by a savings and loan association of this State which has been incorporated for three years or more and has an accumulated capital of at least fifty thousand dollars.

(c) Promissory notes made payable to the order of the savings bank within 90 days from the date thereof secured by the assignment and pledge to it of one or more first mortgages on real estate situated in the State of New York, provided that the amount of any such note is not in excess of 60% of the appraised value in the case of improved real estate, or 40% in the case of unimproved or unproductive real estate, of the property or properties mortgaged; that the amount of any such loan shall not exceed 75% of the principal sum secured by said mortgage or mortgages; that the value of said properties has been certified in accordance with the provisions of Sub-division 6 of this section; that the assignment of each of such mortgages has been recorded in the proper offices and the provisions of Section 241 of this chapter with reference to the title of the property and the insurance upon the buildings, covered by such mortgage or mortgages, shall have been fully compiled with. Such loans shall be considered mortgage loans and the amount thereof, together with all direct loans by any such savings bank upon bonds and mortgages shall not exceed 65% of the whole amount of the deposits and the guaranty fund of any such savings bank.

(d) Promissory notes made payable to the order of the savings bank within 90 days from the dide thereof, secured by the pledge and assignment

(d) Promissory notes made payable to the order of the savings bank within 90 days from the date thereof, secured by the pledge and assignment of the passbook of any savings bank in the State of New York as collateral security for the payment thereof. No such loan shall exceed 90% of the balance due the holder of such passbook as shown therein.

balance due the holder of such passbook as shown therein.

9. Real estate as follows:

(a) A plot whereon there is or may be erected a building or buildings suitable for the convenient transaction of the business of the savings bank, from portions of which not required for its own use a revenue may be derived.

(b) Such as shall be conveyed to it in satisfaction of debts previously contracted in the course of its business.

(c) Such as it shall purchase at sales under judgments, decrees or mortagges held by it.

The trustees of a savings bank shall not be held liable for investing in State or municipal bonds named in the last list furnished by the Superintendent of Banks pursuant to Section fifty-two of Article two of this chapter, or in any railroad bonds mentioned in such list, which have been legally issued and properly executed, unless such savings bank shall have been notified by the Superintendent of banks that, in his judgment, such bonds do not conform or have ceased to conform to the provisions of this section section

10. Bonds of the Land Bank of the State of New York.

10. Bonds of the Land Bank of the State of New York.

11. Bankers' acceptances and bills of exchange of the kind and maturities made eligible by law for rediscount with Federal Reserve banks, provided the same are accepted by a bank, national banking association or trust company, incorporated under the laws of the State of New York or under the laws of the United States and having its principal place of business in the State of New York. Not more than 20% of the assets of any savings bank less the amount of the available fund held pursuant to the provisions of Section 251 of this chapter, shall be invested in such acceptances. The aggregate amount of the liability of any bank, national bank-

ing association or trust company to any savings bank for acceptances held by such svaings bank and deposits made with it shall not exceed 25% of the paid-up capital and surplus of such bank, national banking association or trust company and not more than 5% of the aggregate amount credited to the depositors of any savings bank shall be invested in the acceptances of or deposited with a bank, national banking association or trust company of which a trustee of such savings bank is a director.

SUPERINTENDENT MUST FURNISH SAVINGS BANKS LIST OF LEGAL INVESTMENTS.—Section 52 of Article II of the General Banking Law reads as follows:

On or before the first day of January, 1915, and on or before the first day of January in each and every year thereafter, the Superintendent of Banks shall mall to each savings bank in the State a list containing the names of States and municipalities, the bonds of which, in his judgment, if legally issued and properly executed, conform to the requirements of Section 239 of this Chapter, and also as complete a list as is practicable of railroad bonds which, in his judgment, if legally issued and properly executed, conform to the provisions of said Section.

In the preparation of such list he may employ such expert assistance as he deems proper and apportion the expense thereof among the savings banks of the State, or he may rely upon information contained in publications which he may deem authoritative in reference, to such matters. He shall be in no way liable for the omission from such list of the name of any State or municipality the bonds of which conform to the provisions of said Section, or of any railroad bond which conform to the provisions of said Section, or of only railroad bond which conform to the provisions of said Section, or of feet in the same and the same securities as savings banks of the name of any State or municipality the bonds of which do not conform to the provisions of said Section, or of feet in the same in the same kind of securities as avings banks of the St

NEW YORK CITY. John F. Hylan, Mayor; Charles L. Craig, Comptroller.

NEW YORK CITY. John F. Hylan, Mayor; Charles L. Craig, Comptroller.
The consolidation provided under the Greater New York Charter became effective Jan. 1 1898, and New York City now includes Kings County, Richmond County and the following portions of Queens County, namely Long Island City, the towns of Newtown, Flushing and Jamaica, and part of the town of Hempstead. The Legislature in 1912 enacted a law (Chap. 548, Laws 1912) providing for the creation of the County of The Bronx out of the Borough of The Bronx. The bill was subject to referendum of the citizens of the borough in November 1912 and was favorably passed upon at that time, but on Jan. 17 1913 was declared unconstitutional by the Appellate Division of the Supreme Court. V. 96, p. 299. This decision was reversed, however, by the Court of Appeals on March 14 1913. V. 96, p. 810. In 1917 a bill was passed providing for the secession of the Fifth Ward of Queens (constituting the villages of Far Rockaway, Arverne and Rockaway Beach) to set up what was to be known as the city of Rockaway. This measure, however, was vetoed by the Mayor. A similar bill was passed by the Legislature in 1915, but this too was defeated at the hands of the Mayor. The following statement includes all of the funded debt of the former City of New York and of the municipalities in Brooklyn, Queens and Richmond which was recorded at the date of consolidation; also such additional amounts as were recorded in subsequent years as being funded obligation of said former municipalities to be assumed by the City of New York. These figures do not include \$2,007,600 revenue bonds of the former City of New York of Srooklyn outstanding Jan. 1 1898 and redeemable from its tax levy of 1897 nor \$4,-060,000 of revenue bonds or certificates of indebtedness of the former city of Brooklyn outstanding Jan. 1 1898, but redeemable from its tax levy for the year 1898.

### DEBT OF GREATER CITY AT CONSOLIDATION JAN. 1 1898.

		Sinking Fund.	
Manhattan & The Bronx \$5	226,144,311.28		\$140,489,993.76
Brooklyn	81,626,175.53	6,734,055.69	74.892.119.84
Queens	13,709,935.62	330,000.00	13,379,935.62
Richmond	3,486,736.67	**********	3,486,736.67

Total \$3.061,645.01 special revenue bonds. \$232,248,785.89

### DEBT OF GREATER CITY AT PRESENT TIME.

Since consolidation (Jan. 1 1898), the Greater City has issued, excluding general fund bonds, special revenue bonds and revenue bonds and bills, up to Apr. 30 1919, \$1.140,242.689.89, and redeemed and canceled during that period \$282.038,430.12. The following compares gross and net debt of the consolidated city at different dates.

Comparative Yearly Table of the Total Bonded Debt, from Jan. 1 1898 to April 30 1919.

Divided to show in separate columns the Funded Debt, the Total Sinking Fund Holdings and the Temporary Debt as at Jan. 1 of each year and as at April 30 1919.

April 30 1919\_\_\_\_1,232,526,774 197,371,319 1,035,155,455 2,739,900 116,126,000 The funded debt on Jan. 1 1912 included \$23,795,579 of the corporate stock notes described below; \$35,391.095 of these securities were included on Jan. 1 1913, \$62,435,562 Jan. 1 1914, \$58,608,977 Jan. 1 1915, \$33,480,-285 Jan. 1 1916, \$35,348,500 Jan. 1 1917, \$18,447,000 Jan. 1 1918, \$38,-709,000 Jan. 1 1919 and \$52,415,000 April 30 1919. None outstanding at

The funded debt as given above is exclusive of general fund bonds as follows: \$8,500,000 at Jan. 1 1904, \$18,000,000 at Jan. 1 1995, \$29,000,000 at Jan. 1 1906, \$40,750,000 at Jan. 1 1907, \$54,250,000 at Jan. 1 1908, \$68,750,000 at Jan. 1 1909, \$85,500,000 at Jan. 1 1910, \$102,500,000 at Jan. 1 1911, \$120,000,000 Jan. 1 1912, \$137,500,000 Jan. 1 1913, \$159,-500,000 Jan. 1 1914, \$183,000,000 Jan. 1 1915, \$229,500,000 Jan. 1 1917, \$254,500,000 Jan. 1 1918, \$281,500,000 Jan. 1 1919 and \$281,500,000 April 30 1919. There is also excluded from the above table tax notes which on Jan. 1 1918 amounted to \$4,600,000, on Jan. 1 1919 \$3,000,000 and on April 30 1919 \$900,000. None outstanding at previous dates.

at previous dates.

The table below of the City's funded debt as at April 30 1919, is designed, to first present the total outstanding amount of bonds which have been issued to finance undertakings that are largely, or in part, self-carrying. In the first group (Group "A") are shown the total amounts of water bonds, rapid transit bonds, docks and ferries bonds, and assessment bonds payable from assessments. These make a combined total of \$574.635.741. of which the City's sinking funds hold \$84,797,783 and the public holds \$489,837,958.

Of the total amount of water bonds outstanding, it is claimed that there are probably from \$95,000,000 to \$100,000,000 which are self-carrying. The water revenues actually realized each year are probably sufficient to meet all administration, operation and maintenance charges of the Water Department per se, and to provide annual interest payments on and set aside a sum sufficient to amortize and ultimately redeem the principal of from \$95,000,000 to \$100,000,000 of these bonds. The remainder of the water bonds outstanding represent to a great extent the amount which has been expended in the Catskill aqueduct still in course of construction. Altogether \$198,275,100 38 of water bonds and notes are exempted from the debt limit under the provisions of the State Constitution.

of construction. Altogether \$198,275,100 38 of water bonds and notes are exempted from the debt limit under the provisions of the State Constitution.

Of the rapid transit bonds \$51,013,724 86 have been exempted by the Appellate Division in accordance with the provisions of the State Constitution. The lessee of the subway is now paying interest and annual installments to the Sinking Fund on \$52,376,727.37. Consequently, of the total amount of rapid transit bonds outstanding as shown in the table herewith submitted, over \$52,000,000 are self-carrying.

The revenues realized by the city from the operation of the Dock Department are sufficient to meet all administration, operation and maintenance expenses, together with interest and amortization charges on nearly \$70,-000,000 (869,943,053) of Dock Bonds, which in consequence have been exempted from the constitutional debt of the City by the Appellate Division of the Supreme Court in accordance with certain provisions of the State constitution.

The bonds which are fourth in order of arrangement in Group "A" are assessment bonds issued by the city payable from assessments levied against property presumably benefited by the improvements made and to finance which these assessment bonds were issued. If the total interest on these bonds was payable and the entire principal was redeemable from the proceeds of special assessments laid for that purpose it would mean that all of these bonds were also fully self-carrying; but as the city in many cases has to assume a certain percentage of the assessments levied for assessment bonds is payable principal and interest from the proceeds of assessment bonds on which interest and principal may ultimately require to be provided for by the city would place such as not exceeding 15% of the total amount thereof shown in Group "A." hased on actual figures and careful estimates, would indicate that there are from \$237,000,000 to \$240,000,000 of these which can be so regarded.

The succeeding classifications in Groups "B" and "C" consis

(Under a law passed by the 1911 Legislature, the collection of taxes takes place semi-annually instead of annually, as heretofore. V. 93, p. 63.]

(State Supreme Court early in 1916 decided against the city in its efforts to have value of bank shares excluded from personal tax valuation in levying direct State tax. See "Chronicle" of Mar. 4 1916, page 906.]

[The State Supreme Court upholds the city's right to make its own appraisal of personal property of foreign corporations. See "Chronicle" of May 27 1916, page 2005.]

[The sum of \$18,439,335, which the city had been carrying as an asset for the past eleven years and representing unsatisfied claims against 92,844 persons for personal taxes from 1899 to 1905, inclusive, was wiped from the city's books by the Board of Estimate on Oct. 13 1916. V. 103, p. 1528.]

[The City Comptroller on May 1 1917 issued a report dealing with the city's experience in connection with the imposition and subsequent liquidation of the special franchise tax. See V. 104, p. 1761.]

PAY-AS-YOU-GO POLICY APPROVED.—On May 20 1916 the Governor signed the bill approved by the 1916 Legislature providing for the incorporation in the city charter of the pay-as-you-go policy. See "State and City Department" of "Chronicle" for May 27 1916.

In 1918, however, the State Legislature passed a bill which was later approved by both the Mayor and Governor for the relief in financing this city's obligations during the period of the war and one year thereafter in reference to the issuance of corporate stock and serial bonds. The new law permits the city to issue, in addition to corporate stock and serial bonds now authorized by law, \$15,000,000 in bonds or corporate stock and serial bonds now authorized by law, \$15,000,000 in bonds or corporate stock and serial bonds now authorized by law

GENERAL FUND BONDS.—A new kind of bond (known as the "General Fund Bonds") was created by the Legislature in 1903. It is issued for the purpose of releasing the surplus revenues of the sinking fund of the old City of New York, and to allow the money to be applied to the reduction of taxation. Under the law the bonds will be issued only in the way indicated, and they will be taken for account of sinking fund for redemption of the city debt No. 1. See V. 76, p. 610. Up to Apr. 30 1919 \$281,500,000 of these bonds had been issued.

city debt No. 1. See V. 76, p. 610. Up to Apr. 30 1919 \$281,500,000 of these bonds had been issued.

APPROPRIATIONS.—The total appropriation for Greater New York in 1898 was \$77,473,084; in 1900 it was \$90,778,972; for 1902 it was \$98,619,600; for 1904, \$106,674,955; for 1906, \$116,805,490; for 1908, \$143,572,266; for 1910, \$163,130,270; for 1912, \$181,000,657; 1914, \$192,995,551; for 1915, \$198,989,786; for 1916, \$212,956,155.81 (including \$13,975,000 apportioned to N. Y. City as its share of the direct State tax of \$20,000,000); for 1917, \$211,114,136.82 (no direct State tax in 1917); for 1918 the appropriations were \$238,123,759.20 (including \$8,463,756 apportioned to New York City as its share of the direct State tax of \$12,800,000) and in 1919 \$248,025,434.88, including a State tax amounting to \$8,522,629.61. The 1917 Legislature passed a bill providing for a direct tax of 1.08 mills and in 1918 for 1.06 mills.

On April 26 1917 a bill was signed by the Governor providing that hereafter this city shall have a tentative budget. Under the terms of the measure a budget setting forth every expense in items must be prepared and must be ready by Oct. 10 for public discussion. It is further provided that the Board of Estimate and Apportionment must file with its Secretary on Oct.20 each year, a copy of the proposed budget, after which date no item is to be added, nor any item already in the budget increased. Between Oct. 20 and the date of adoption of the budget any item, however, may be decreased or dropped.

POPULATION (U. S. Census figures)—

1910. 1900.

Greater N. Y. - . 4.766,883 3.437,202 Boro, of Queens. 284,041 152,999 Man. & Bronx. - 2.762,522 2.050,600 Boro, of Rich'd. 85,969 67,021 Boro, of Br'klyn 1,634,351 1,166,582

The population of the Greater City, according to the State Census for 1915, is officially reported as 5.047,221.

The population of the Greater City, according to the State Census for 1915, is officially reported as 5,047,221.

### DETAILS OF INDEBTEDNESS.

The tables which follow give full details regarding the indebtedness of the consolidated city and the various boroughs and other divisions forming part of it. The loans marked (s f) are held in the sinking fund.

# State of New Jersey.

DEBT, RESOURCES, ETC.

Admitted as a State\_\_\_\_One of Original Thirteen Total area of State (square miles) \_\_\_\_\_7,815 State Capital\_\_\_\_\_Trenton

Secretary of State (term exp. Apl. 5 '20) \_\_ Thos. F. Martin Treasurer (term expires Apr. 1 1922) ..... William T. Read Comptroller (term expires Feb. 20 '20) Newton A. K. Bugbee Attorney-General Thos. F. McCran

LEGISLATURE meets annually the second Tuesday of January, and there is no limit to the length of the session.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The constitution of 1844 forbade the creits credit to any company. The constitution of 1844 forbade the creation of a State debt exceeding one hundred thousand dollars except for purposes of war, &c. This exception, under which it was allowable to exceed the hundred-thousand-dollar limit, became operative on the occasion of the breaking out of the Civil War. Quite a debt was created at that period. The last of these war bonds was retired on Jan. 1 1902.

TOTAL DEBT.—With the exception of \$116,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13 1895, the State is now clear from debt, and has been since Jan. 1 1902. At previous dates the debt was:

Nov. 1	1901\$71,000	Nov. 1	1895 \$660,400
			1894 735,400
			18801,996,300
Nov. 1	1896593,400	Nov. 1	18663,395,200

On June 30 1918 the cash balance of the State Fund in bank was \$9,456,-070.31. This fund also held on the same date 1,887 shares (par value \$188,700) of the stock of the Delaware & Raritan Canal and Camden & Amboy RR. & Transportation companies, the market value of which amounts to about \$350,000. The State School Fund on June 30 1918 held securities to the amount of \$7,130,095.84; cash balance on hand for investment, \$147,067.43.

ASSESSED VALUATION.—The assessed valuation for a series of years has been as below. Under new tax laws the assessment beginning with 1906 has been at supposed full value—a much higher basis than formerly.

1918 \$3,030,926,010	1906	\$1,570,210,073	1888	\$603,676,953
1917 2.888,117,701	1905	1,153,682,961	1886	573,256,303
1916 2,696,314.011	1900	891,237,286	1884	554,828,114
1915 2.583.953.595	1898	844,354,193	1882	534,917,876
1914 2.481.605.038	1896	794,428,048	1880	518,617,518
1912 2.289.770.281	1894	774,398,332	1878	531,851,849
1910 2,045,898,214	1892	742,759,082	1876	596,833,707
1909 1,949,687,287	1890	649,979,700	1874	619,057,903
1908 1.843.001.178				

In addition to the above, valuation of railroad property in 1912 was \$327,647,993, in 1913 329,595,655, in 1914 334.738,372, in 1915 344,947,959, in 1916 349,195,216 and in 1917 \$358,440,155. The values of railroad and canal property from 1906 to 1911 incl. do not include 2d class RR. property, the latter being given in the totals shown above for those years. No general tax is imposed in New Jersey, the State deriving its revenue from other sources.

DEBT LIMITATIONS.—(1) THE STATE is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, para-graphs 3 and 4, the whole subject is disposed of as follows: 3. The credit of the State shall not be directly or indirectly loaned in any

graphs 3 and 4, the whole subject is disposed of as follows:

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State which shall singly or in the aggregate, with any previous debts or liabilities, at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for making debt is limited to \$100,000, except (1) for purposes of war, &c., and (2) when the authorization is for some single object of work specified therein, &c. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the constitution.

[On Nov. 2 1915 the voters decided against the question of issuing \$1,000,000 bonds for the purchase of what is known as the "Wharton Tract" in the date of the payment of the Court of Errors and Appeals on March 1 1915 decide

Ing \$100,000. except by direct vote of the people. See "Chronicle" of March 6 1915, page \$29.]

CITIES, COUNTIES, TOWNS, &c., are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the constitution. We give these paragraphs in full:

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for, or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

It will be noted that the above prohibitions are absolute.

Article IV, Section VII, Paragraph 11, of the constitution, forbids the passage by the Legislature of any special laws "regulating the internal affairs of towns and counties," the constitution directing that in this and all other cases where general laws are feasible, general laws shall be provided. In compliance with this last provision the Legislature has from time to time passed many general laws relating to the different kinds of municipalities existing in New Jersey, but latterly the situation has been greatly simplified, and now the debt-incurring powers of New Jersey municipalities are regulated almost entirely by a series of general laws passed in 1916-1918, which practically supersede the complex system of laws described in the "State and City Supplement" for Nov. 1916 and previous issues. These new statutes are Laws 1917, Chapter 152, known as the Home Rule Act, amended and supplemented by laws of 1918, Chapters 163, 218.

and 252, Laws 1919, Chapters 9, 31, 116, 117, 225 and 237, which grants broad power to make public improvements; Laws 1918, Chapter 185 (amended by Laws 1919, Chapter 159), which is a similar Act concerning the powers of counties; Laws 1916, Chapter 252 (amended by Laws 1917, Chapter 240, and Chapter 259, Laws 1918, known as the Pierson Bond Act, referred to at length below; Laws 1916, Chapter 112, and Laws 1919, Chapters 73 and 186, relating to loans for school purposes; Laws 1917, Chapter 153, supplemented by Laws 1918, Chapter 244, directing the funding of floating debt existing on July 1 1917; Laws 1917, Chapters 154 (amended by Laws 1918, Chapter 266), 155 and 156, creating the office of State Commissioner of Municipal Accounts and requiring municipalities to file with him financial reports and transcripts of proceedings for bond issues; Laws 1917, Chapter 192 (amended by Laws 1918, Chapter 242, and Laws 1919, Chapters 178, 238 and 242), providing for an annual budget and for temporary loans against taxes; Laws 1918, Chapters 267 and 268, relating to the auditing of municipal accounts; Laws 1918, Chapter 238, establishing the fiscal year of municipalities; and Laws 1917, Chapter 212 (amended by Laws 1918, Chapter 243), providing for sinking funds for bonds heretofore issued (all future issues being required to be scrial bonds).

THE PIERSON BOND ACT, mentioned above, authorizes and regulates

and for temporary loans against taxes; Laws 1918. Chapters 267 and 268, relating to the auditing of municipal accounts; Laws 1918. Chapter 238, escaping to the auditing of municipal accounts; Laws 1918. Chapter 238, escaping to the auditing of municipal accounts; Laws 1918. Chapter 238, escaping to the surface of the surface of the control of the co

To be deducted.

Procedure for Issuing Bonds.—In boroughs and townships bonds cannot be issued without a vote of the people if protests against the issue are filed by one-third of the governing body or by taxpayers representing 10% of the assessed valuation of propertuy. In other municipalities no election is provided for by the Pierson Bond Act; but the so-called Home Rule Act (Article 37, Section 24) apparently makes all bond ordinances subject to referendum if demanded by taxpayers.

Validation of Bonds.—The Act provides that the validity of bonds shall not be questioned in any suit commenced after the lapse of 20 days from the first publication of the ordinance or resolution authorizing them, unless issued in violation of the referendum provisions. In the case of Dale vs. Borough of Bayhead, bonds were sustained by reason of this provision. The Act also declares that bonds reciting that they are issued under the Act shall be incontestible.

SCHOOL BONDS.—The issuance of boads and other obligations.

SCHOOL BONDS.—The issuance of bonds and other obligations for school purposes is authorized and regulated by the general School Law of 1913 (Comp. Stat, 1910, p. 4724), as amended, especially the supplement and amendments of 1916 and 1919 already referred to. School bonds must mature serially as provided in the Pierson Bond Act, and within the maximum period specified in the School Law for the class of improvement or property for which they are issued, ranging from 10 to 40 years. Bonds for refunding school bonds must mature within 20 years and in annual installments, equal as nearly as practicable. If the bonds are issued for several purposes they must mature within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose, such average period to be conclusively determined by the governing body. The method of sale of bonds under the School Law is substantially the method prescribed by the Pierson Bond Act. The amount of school bonds in school districts governed by Article VI of the School Law is limited to 5% of the assessed valuation of property. There is no

limit in districts governed by Article VII. Bonds of the latter districts cannot be attacked in litigation instituted after the lapse of 20 days after the election at which they are authorized.

The School Law makes every incorporated city, town, township and borough a school district. City school districts are governed by Article VII of this law, which practically makes the Board of Education a branch of the city government, their bonds being obligations of the city. School districts in towns, townships and boroughs are governed by Article VII, and their bonds are not obligations of the municipality with which they are coterminous. The School Law also provides that the voters of a town, township or borough district may accept the provisions of Article VII, and that the voters of a town, township or borough district may accept the provisions of Article VII, and that the voters of a town, township or borough district may accept the provisions of Article VII, and that the voters of a town, township or borough district may accept the provisions of Article VII, and be governed accordingly. So far as we are aware no city has accepted Article VII. But certain large towns and townships (West Hoboken, Union, Kearny, Montclair, Irvington, Weehawken and North Bergen) have accepted Article VII, because they found it cumbersome to submit all important matters as to taxation and bond issues to meetings of the voters as required by Article VII. An election is necessary for the issuance of bonds by school districts operating under Article VII, except districts embracing more than one municipality and having a population of more than 10,000, this exception being made by Chapter 73 of the Laws of 1919. Proceedings for the issuance of bonds by school districts under Article VII must be approved by the Attorney-General before the bonds can be issued. A supplement to the School Law, Laws 1911, p. 514, requires all school bonds to be signed, sealed, delivered and paid for in the State of New Jersey, such payment to be made by cash

TAX EXEMPTION OF PUBLIC SECURITIES.—Section 3 of the General Tax Act of 1903 (Compiled Stat. of 1910, p. 5075), relating to the exemption of public securities in New Jersey, was amended in 1917 (Chapter 258) so as to read as follows. The portions added in 1917 we print in italics:

emption of public securities in New Jersey, was amended in 1917 (Chapter 258) so as to read as follows. The portions added in 1917 we print in italics:

"The bonds and other securities of the United States, other than circulating notes of national banking associations and United States legal tender notes and other notes and certificates of the United States, payable on demand and circulating or intended to circulate as currency and gold, silver or other coin, and all bonds, securities, improvement certificates and other evidences of indebtedness, heretofore or hereafter issued by this State or by any county thereof, or by any taxing district or school district of this State, and the personal property owned by citizens or corporations of this State situate and being out of the State upon which taxes shall have been actually assessed and paid within 12 months next before May 20 being the day prescribed by law for commencing the assessment."

LIMITATION OF TAX RATE.—Chap. 116, Laws of 1906, limiting the tax rate, was repealed by Chapter 9. Laws of 1914.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank law of New Jersey was completely revised by the State Legislature of 1906, without, however, changing in any essential respects the investment provisions. In 1913 the law was further amended to permit investment in certain bonds secured by first mortgage on terminal or dock property. See V. 96, p. 1169. There were no amendments in 1915. In 1917 the Legislature passed an Act (Chapter 36) authorizing savings banks and other institutions in this State to invest in Federal Land Bank bonds. This we print in full below, at the end of Section 33. Another measure was adopted in 1917 (Chapter 171) amending paragraph VI in regard to investments in first mortgage bonds. We put the part to be stricken out in brackets and the portions added are printed in italics. See V. 104, p. 1721. The 1919 Legislature passed an Act permitting savings banks to purchase from their available fund, notes, drafts, bills of exc

or acceptances, acceptable to the Federal Reserve Bank. We give below in full the investment sections of the new law:

VI. DEPOSITS—HOW INVESTED.

SECTION 33. No savings bank shall invest the moneys deposited with the same in any manner except as follows, to wit:

I. In stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof:

II. In the interest-bearing bonds of this State; or in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State, by virtue of any law of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank, defaulted in the payment of any part of either principal or interest in any debt authorized by any law of such State to be contracted.

IV. In the bonds of any county, township, municipality or school district of this State issued pursuant to the authority of any law of this State, provided, such county, township, municipality or school district shall not, within the five years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; and provided further, the total indebtedness of any borough or village does not exceed 10% of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district or in any interest-bearing obligation issued by the county in which such bank is situated, or by any city, town, township, borough or village in such county.

V. In the bonds of any city or county of any other State of the Union

or in any interest-toering tongation issued by the county.

V. In the bonds of any city or county of any other State of the Union Issued pursuant to the authority of any law of any such State; provided, no such city or county has, within ten years previous to making such investment, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; and provided further, the total indebtedness of any such city or county is limited by law to 10% of its assessed valuation;

VI. In first mortgage bonds issued, guaranteed or assumed by any railroad company which has paid dividends of not less than 4% per annum regularly on its entire capital stock for a period of not less than five years next previous to the purchase of such bonds, or in any consolidated mortgage bonds issued, guaranteed or assumed by any such company authorized to be issued to retir' the entire bonded debt of [such] the issuing company, or in the bonds of any railway terminal or dock company of this State, secured by first mortgage on terminal or dock property fronting on the Hudson River and having an assessed value for the purpose of taxation in excess of the amount of the entire issue of bonds, and used and occupied as a dock or terminal by any railroad company now operating in this State.

VII. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than 30% of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the man-

the amount loaned thereon shall not be more than 30% of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, and two members of which committee shall certify in writing to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the bank.

VIII. In real estate strictly in accordance with the following provisions:

(a) A plot whereon is erected, or may be erected, a building or buildings requisite for the convenient transaction of its business, and from portions of which not required for its own use a revenue may be derived; the costs of such building or buildings and lot shall in no case exceed 50% of the net surplus of such bank except with the written approval of the Commissioner of Banking and Insurance; provided, the limitations as to the cost of such building contained in this subdivision shall not apply to or affect any such investment heretofore made by a savings bank organized under a special charter.

(b) Such as shall have been purchased or acquired by it at sales upon the foreclosure of mortgages owned by such corporation, or upon judgments or decrees obtained or rendered for debts due to it, or in settlements effected to secure such debts, or in satisfaction of such mortgages; and all such real estate shall be sold by such bank within five years after the same shall have been so purchased, unless, upon application by such corporation to the Commissioner of Banking and Insurance, he shall extend the time within which such sale shall be made; the provisions of this section shall apply to all funds of any savings bank, including its reserve fund, and all investments of money and sales and transfers of securities may be made in the manner provided and made lawful in this Act, notwithstanding any provision in any special charter contained limiting the number of trustees or managers who shall act in the investment of moneys and the sale or transfer of stocks or securities.

SAVINGS RANKS &C. MAY INVEST IN FEDERAL LAND RANK

in the investment of moneys and the sale of transfer of stocks or securities.

SAVINGS BANKS, &c., MAY INVEST IN FEDERAL LAND BANK
BONDS.—Any savings bank, banking institution, trust company or insurance company, organized under the laws of this State, or any person acting as executor, administrator, guardian or trustee, may invest in the bonds issued by any Federal Land Bank organized pursuant to an Act of Congress entitled "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgage, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create Government depositaries and financial agents for the United States, and for other purposes," approved July 17 1916.

AN ACT to amend an Act entitled "An Act concerning savings banks."

AN ACT to amend an Act entitled "An Act concerning savings banks," approved May 2 1906.

AN ACT to amend an Act entitled "An Act concerning savings banks," approved May 2 1906.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 36 of the Act of which this Act is an amendment be and the same hereby is amended to read as follows:

36. The managers of every savings bank, as soon as practicable, shalf invest the moneys deposited with them in the securities named in the thirty-third section, except that for the purpose of meeting current payments and expenses in excess of the receipts, there may be kept an available fund on the exceding ten per centum of the whole amount of deposits with such bank; and the same may be kept on hand or on deposit in any solvent bank in this State, organized under the laws of this State or of the United States; or the same may be deposited on call, at interest, in such solvent trust company incorporated under the laws of this State or of the States of New York or In the State of Pennsylvania, as a majority of the States of New York or in the State of Pennsylvania, as a majority of the managers of such bank may direct, by resolution adopted at a regular or special meeting, and duly recorded on their minutes; or such available fund, or any part thereof, may be loaned upon pledge of the securities, or any of them, named in section 33 of this Act, but not in excess of eighty per centum of the market value of such securities so peleged; and should any of the securities so held in pledge depreciate in value after making any loan thereon the managers shall require the immediate payment of such loan, or a part thereof, or additional security therefor, so that the amount loaned shall at not time exceed eighty per centum of the cash market value of the securities pledged for the same; or part of such available fund, not exceeding one-half thereof, may be temporarily employed in the purchase of notes, drafts, bills of exchange or acceptances, which have a maturity at the time of purchase of not more than three months, exclusive of days of grace,

The shorts does not include valuation	of rollroad proper	ter The State

The above does not include valuation of railroad property. The State makes no general lax. Income is derived from tax on capital stock, on money at interest, on collateral inheritances, direct inheritances, on corporate loans, on bonus on charters, &c., &c.

porate loans, on bonus on charters, &c., &c.

A member of the Dept. of Internal Affairs in a letter addressed to us under date of June 2 1914 suggests the following reasons for the great increase in assessed values in 1913:

1. There has been a general movement for increase in assessments for taxation purposes of all coal lands in the State. Coal in place has been tremendously increased in assessments in many counties of the State.

2. The constitution of our State restricts the borrowing possibility of cities to 7%. Recently many of the cities have been close to the limit of the borrowing capacity and have been compelled to increase assessed values very largely. It has been easy to do this as the rule for assessment of real estate throughout the State has been, very generally, to assess real estate at but 50% to 60% of its real value.

POPULATION OF STATE—

showing the amount of such moneys, where the same are deposited, and how secured.

SECTION 14. The making of profit out of the public moneys, or using the same for any purpose not authorized by law, by any officer of the State, or member or officer of the General Assembly, shall be a misdemeanor, and shall be punished as may be provided by law; but part of such punishment shall be disqualification to hold office for a period of not less than five years.

(2) County and Municipal Indebtedness.—Under the laws of Pennsyioners, which consists in each county of three persons, elected biennially under the minority system of voting, by which the minority party in each county usually has one member of the Board.

In cities and boroughs the power to create indebtedness is vested in councils, municipal debts being created by ordinance.

The creation of county, city and other municipal indebtedness is subject to the following constitutional limitations:

ARTICLE IA, SEC. 7. The General Assembly shall not authorize any county, city, borough, township or incorporated district to become a suppropriate money company, association or corporation, or to obtain or appropriate money company, association or corporation, association, institution or individual.

SECTION 8 (as amended Nov. 2 1915—Sec v. 101, p. 1207).—The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city the debt of which on Jan. 1 1874 exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum of such assessed valuation, and has not since been reduced to less than such per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes, to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks, and for the reclamation of land to be used in the construction of wha

be required to levy a tax to pay said interest and sinking fund charges, as required by section ten of said period of one year after the completion of such work.

SECTION 9. The Commonwealth shall not assume the debt, or any part thereof, of any city, county, borough or township, unless such debt shall have been contracted to enable the State to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.

SECTION 10. Any county, township, school district or other municipality incurring any indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof within thirty years.

At the general election in November 1913 the voters approved an amendment which adds Section 15 to Article IX and provides that no obligations issued by any county or municipality, other than Fhiladelphia, to provide for the construction or acquisition of water-works, subways, underground railways or street railways, or the appurtenances thereof, shall be considered as a debt of a municipality, within the meaning of Section 8 of Article IX, or of this amendment, if the net revenue derived from said property for a period of 5 years, either before or after the acquisition thereof, where the same is constructed by the county or municipality, after the completion thereof, shall have been sufficient to pay interest and sinking fund charges during said period upon said obligations, of if the said obligations shall be secured by liens upon the respective properties, and shall impose no municipalities or counties may also issue obligations to provide for the construction of property, as herein provided, said municipalities or counties may also issue obligations to provide for the enestration of the taxable property, as herein provided, said municipalities or counties shall have been osmpleted and in operation for a period of one year; and sald municipal

TAXATION OF MUNICIPAL AND SCHOOL BONDS.—All bonds Issued by municipalities, counties and school districts in Pennsylvania are subject to a State tax of four mills, which is paid by the place issuing the bonds and deducted from the rewrittance of interest to the bondholder, unless the bonds are issued as "tax-free," when the municipality itself assumes the tax. See V. 93, p. 359.

SCHOOL CODE.—The school laws of this State were codified in the new School Code approved May 18 1911. One of the important provisions of this law is (Sec. 506) that the Directors of school districts may incur debt and issue bonds "only at the time of assessing and levying the annual school taxes." Thus school bonds can only be issued at the time of the school tax levy, which must be in April or May.

school tax levy, which must be in April or May.

SAVINGS BANKS INVESTMENTS—POWERS AND RESTRICTIONS.—Philadelphia is, we believe, entitled to the distinction of starting the first savings institution in the United States. The name this association bore was the "Philadelphia Savings Fund Society," and it still exists, bearing the same name. Originally the bank was not incorporated, but was a voluntary organization, such societies in Great Britain being at the time of a like character. The date of the organization was November 27 816, and the bank was opened for business Dec. 2 1816. The oldest ledger of the company goes back to the time of opening, and shows a deposit on that day (December 2 1816) of five dollars. The company was not incorporated until February 25 1819. The second savings institution in the State, however, did not come into existence until 1847. In 1889 a general law facilitating the incorporation of savings banks was passed by the Legislature. Still, the report of the Banking Department of Dec. 31 1918 shows that the total number of savings banks with the State was only ten. The aggregate deposits of these banks at that date was \$295,908,917.51.

The provisions of the special charters are all liberal as to investments. A law passed in 1885, and a supplement of the same passed in 1889, authorizing the extension for twenty years of special charters, contains the following:

"Provided also, that no \* Savings Institution or Savings Bank having no capital stock, renewing or extending its charter, corporate rights

and franchises, under the provisions of this Act, shall thereafter be allowed the privileges of a bank of discount, nor be allowed to loan any money received on deposit, except upon first mortgage or lien upon real estate within this Commonwealth, upon the bonds or securities of the United States or of this State, or upon county, city, borough, township or school bonds of any county, city, borough, township or school district, or any other good and salid securities."

Authority to loan on any "good and valid security" appears to confer about as broad a discretion upon the managers as could be expressed in a statute.

In 1897 an Act was passed allowing savings institutions and savings banks chartered under Special Acts to invest in Pennsylvania county and municipal bonds, notwithstanding any provisions of their charters. The law follows:

CHAPTER 77, LAWS OF 1897—From and after the reservation of their charters.

law follows:

CHAPTER 77, LAWS OF 1897.—From and after the passage of this Act all provident institutions, savings institutions and savings banks, chartered under Special Acts of this Commonwealth of Pennsylvania, may notwithstanding any provisions of their charter, loan the moneys received by them on deposit upon the bonds of any county, city, borough, township or school district within this Commonwealth issued pursuant to the authority of any law of this Commonwealth for the payment of which the faith and credit of the municipality issuing them are pledged.

It was not until 1889, as already stated, that a general law facilitating the organization of savings institutions was passed. The following is section 17, which contains the investment limitations; we would especially direct attention to subdivision four of this section:

SECTION 17.—It shall be lawful for the trustees of any savings bank to

SECTION 17.—It shall be lawful for the trustees of any savings bank to invest money deposited therein only as follows:

(1) In the stocks or bonds or interest-bearing notes or the obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and the principal.

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing

(2) In the stocks or bonds of the Commonwealth of Pennsylvania bearing interest.

(3) In the stocks or bonds of any State in the Union that has not within ten years previous to making such investments, by such corporation, defaulted in the payment of any part of either principal or interest of any debt authorized by any Legislature of such State to be contracted.

(4) In the stocks or bonds of any city, county, town or village of any State of the United States issued pursuant to the authority of any law of the State, or in any interest-bearing obligations issued by the city or county in which such bank shall be situated.

(5) In bonds and mortgages on unincumbered, improved real estate situated in this State.

The next section (18) relates to the temporary deposit of funds in banks and trust companies. It makes it lawful to deposit temporarily in banks or trust companies the excess of current daily receipts over the payments until such time as the same can be judiciously invested in the securities named above.

FEDERAL FARM LOAN BONDS.—Measures were passed by the 1917

FEDERAL FARM LOAN BONDS.—Measures were passed by the 1917 Legislature and approved by the Governor on April 5 1917 making farm loan bonds legal investments for savings banks, savings institutions, and also executors, administrators, guardians and other trustees. See V. 104, p.1722.

E. S. Morrow, Comp.  This city, now known as "Greater Pittsburgh." is situated in Allegheny County. Legislature of 1905 passed an Act providing for the annexation of Allegheny; on Nov. 18 1907 the U. S. Supreme Court held the law valid (V. 85, p. 1352), and annexation became effective Dec. 9 1907. The boroughs of Sheraden and Montooth were also annexed in 1907. Beechview annexed on Jan. 1 1909. All bonds issued in coupon form with privilege of registration.  On July 3 1915 the State Supreme Court harded down a decision bear.
Population in 1919 (est)20,000 INT. at City Treasurer's office.  OLD FORGE.  Softhis borough is in Lacakwanna Co.	Smith, Mayor; J. M. Walton, City Controller. Philadelphia, co-extensive with the county of the same name, is the third largest city of the U. S., and has an area of nearly 130 square miles. The city was founded in 1682 by William Penn, chartered in 1787, and consolidated in 1854 with numerous outlying districts and boroughs. Many sections of the city of Philadelphia still retain their old names and are constantly referred to as such. Among these may be mentioned Germantown, Manayunk, Frankford, Bridesburg, Roxborough, West Philadelphia, Richmond, &c., &c. The county is under city control and has no separate debt. The Penna. Supreme Court, in preliminary opinions handed down Mar. 30 1914 declared illegal the \$8,600,000 bonds ond enjoined the city from holding an election Mar. 31 1914 to vote on an additional loan of \$12,900,000. Subsequently, on April 7 1914, the Court re-opened the cases, principally for the purpose of hearing argument on the constitutionality of the Act of	The following shows the assessed value of property, and the tax rate, for years indicated. Property in this city up to and including 1903 was assessed at about 80% of its actual value. In 1904, however, values were increased to nearly real value, resulting in a decreased tax rate.  **Assessed Real Estate and Personal**Estate Tax rate Years Valuation, per \$1,000 1919	constitutional limit for all debt is 7%. "English Act" cases affirmed by State Supreme Court on May 22 1916, see "Chronicle" of June 10 1916, pase 2180.  INDEBTEDNESS OF GREATER CITY.  Municipal Building Bonds. 4½s 12 J-D \$72.000. Dec 1 '19-'42 Municipal Coal Mining Bonds.  S80.000.  Market-House. 4½s 12 J-D\$241,440. Dec 1 '19-'42 Playground Bonds.
BOND. DEBT Apr 11 1919 \$129.000 Floating debt	s assessed, thus increasing the taxable property to which the 7% debt limit is applied in fixing the power of the city to increase its indebtedness.  In the final opinions, which were handed down May 12 1914, the Court sustains the constitutionality of the Act in question, but holds at the same time that loans authorized but not issued and the portion of the city's indebtedness assumed by the Board of Education cannot be excluded in determining the city's borrowing capacity. V. 98, p. 1550. ### State of Delaware.

DEBT, RESOURCES, ETC.

Admitted as a State\_\_\_\_One of Sriginal Thirteen Total area of State (square miles)\_\_\_\_\_2,050 State Capital Dover Governor (term expires Jan. 1921) John G. Townsend Jr. Sec'y of State (term expires with Gov.) Everett C. Johnson Treasurer (term expires Jan. 1921) George M. Fisher Auditor (term expires Jan. 1921) Daniel Thompson Attorney-General David J. Reinhardt

LEGISLATURE meets biennially in odd years on the first Tuesday in January, and pay is limited to 60 days.

HISTORY OF DEBT.—The historical details of Delaware's State debt rom 1865 to 1894 will be found in the "State and City Supplement" of April 1894, page 72. The present extent and condition of the debt and resources of the State are given below, showing that Delaware now holds good assets more than equaling its liabilities.

INTEREST.—On bonds of 1908 is payable at the office of School Fund

July 1 1918; optional beginning 1928.)

INTEREST.—On bonds of 1906 is payable at the office of School Fund Trustee; refunding bonds of 1897 at the Philadelphia National Bank in Philadelphia; on \$230,000 4s and \$600,000 4½s at the Farmers' Bank of Dover; on Hospital and farm-purchase 4s and Women's College impt. bonds at the Farmers' Bank in Wilmington.

TOTAL DEBT, &c.—The total liabilities on Jan. 13 '19 were \$1,581,785. The assets on Jan. 13 '19 were \$2,918,602 52; assets in excess of liabilities, \$1,336,817 52. The total assets include bank stocks, \$769,622 (market value); mortgages on railroads, \$385,000; bonds, \$312,285; real estate, \$880,000, and cash in treasury, \$571,195 52.

ASSESSED VALUATION.—The total assessed valuation of the State n 1914 was \$108,439,104. No new assessment has been made. No tax is levied for general State purposes.

DEBT LIMITATION.—Neither the new constitution (adopted June 4 1897) nor the State statutes contains any general provisions authorizing bond issues or limiting the debt-making power, except that the new constitution—

bond issues or limiting the debt-making power, except that the new constitution—

(1) Forbids the State (Article 8, Sec. 3) to borrow money or create debt, "but pursuant to an Act of the General Assembly passed with the concurrence of three-fourths of all the members elected to each House, except to supply casual deficiencies, repel invasion, suppress insurrections, defend the State in war or pay existing debts."

(2) Forbids any county, city, town or other municipality (Article 8, Sec. 8) to "lend its credit or appropriate money to, or assume the debt of, or become a shareholder or joint owner in, or with, any private corporation or any person or company whatever.

(3) Forbids any corporation (Article 9, Sec. 1) to be created, &c., by Special Act, "but only by or under general law"; "but the foregoing provisions shall not apply to municipal corporations, banks," &c.

The above indicates that the authority as regards municipalities [except as already specified in number (2)] rests with the General Assembly, and the General Assembly always passes Special Acts to provide for special occasions and needs.

INVESTMENT OF TRUST FUNDS.—Chapter 226 of the Laws of 1909

the General Assembly always passes Special Acts to provide for special occasions and needs.

INVESTMENT OF TRUST FUNDS.—Chapter 226 of the Laws of 1909 provides as follows:

Excepting where instruments creating trusts prescribe otherwise, trustees named in wills or appointed by the Chancellor may hereafter invest the funds of their trusts in securities of the following classes and kinds, viz.:

(a) Stocks and bonds and interest-bearing obligations of the United States for which the faith and credit of the United States are pledged to provide for the payment of the interest and principal thereof, including the bonds of the District of Columbia;

(b) Stocks and bonds and interest-bearing obligations of the State of Delaware and of any other State of the United States, issued pursuant to the authority of the law relating thereto;

(c) Stocks and bonds of any county of the State of Delaware and of any county of any State of the United States, issued pursuant to the authority of the law relating thereto;

(d) Stocks and bonds of any school district of the State of Delaware, issued for school purposes and pursuant to the authority of the law relating thereto;

(e) Stocks and bonds and interest-bearing obligations of any incorporated city or town of the State of Delaware or of any of the States of the United States, issued pursuant to the authority of the law relating thereto, for the payment of which the faith and credit of the municipality issuing the same are pledged;

(f) Bonds of either natural persons or corporations, secured by first mortgage on productive real estate, free from prior encumbrances;

(g) Bonds of railroads, transportation and public service corporations;

(e) Collateral trust bonds of railroads, transportation and public service corporations;

secured by mortgage upon the property, plants and systems of such corporations;

(h) Collateral trust bonds of railroads, transportation and public service corporations, where the same are secured by guaranteed underlying stocks (or bonds secured thereby), when no default in the payment of installments of principal or of interest for more than ninety days after the same has become due, has occurred in connection therewith, within a period of ten days preceding the investment of trust funds therein;

(f) Car trust certificates and equipment trust bonds;

(g) Underlying securities of railroad, transportation and public service corporations, bearing guaranteed dividends, where no default in dividends has occurred after the guaranty;

(k) Such other securities as may be approved by the Chancellor.

By the laws of 1911 this section was amended by inserting a proviso that "the foregoing specification of classes of securities in which trustees may invest the funds of their estates, shall not be construct to relieve said trustee from the duty of exercising due care in the investment of said funds.

TAXATION OF BONDS.—The Secretary of State advised us Dec. 18.

TAXATION OF BONDS.—The Secretary of State advised us Dec. 18 1911 that "no law has been passed relative to taxation of bonds and notes, therefore they are exempt from taxation."

REASSESSMENT ACT OF 1916 UPHELD BY COURT OF APPEALS. See "Chronicle" of Sept. 23 1916, page 1143.

EXEMPTION FROM TAXATION.—An Act of the Maryland Legislature (Chapter 43, approved March 12 1914, exempts from all taxation for the year 1914) and thereafter, all bonds or other obligations hereafter to be issued by the State or any county, city or municipal corporation, or other political sub-division, and all such securities heretofore issued by any county or municipal corporation which have been sold under terms rendering such county, city or municipal corporation liable for the State tax thereon. The Act was printed in full in V. 99, p. 1238.

such county, city or municipal corporation liable for the State tax thereon. The Act was printed in full in V. 99, p. 1238.

SAVINGS BANKS INVESTMENTS.—The law regulating the way in which savings institutions in the State of Maryland are permitted to invest their deposits is contained in Section 33 of the 1910 Banking Law of Maryland, which provides that "Every savings institution existing under the laws of the State of Maryland, or which may hereafter be incorporated, transacting strictly a savings bank business, shall be capable of receiving from any person or persons, or bodies corporate or politic, any deposit of money, which shall be invested or loaned out on good security, in the discretion of the directors; provided, no part of the funds of such corporation shall be loaned to any officer, director or employee thereof. The deposits in any savings institution may be withdrawn at such institution may at any time require a depositor to give a notice, not exceeding ninety days, of his intention of withdrawing the whole or any part of his deposit." There are a number of State banks in Maryland which have the word "savings" in their title, but which are not really mutual savings banks but are State banks with a capital stock. The majority of these were incorporated under special charters prior to the enactment of the 1910 law, which specifically states that "no savings institution or savings bank hereafter incorporated shall have any capital stock, but shall be a mutual association, provided that nothing in this article shall prohibit any savings institution, or savings bank, now in existence, and having capital stock, from increasing its capital stock, as provided by the Public General Laws of this State." One of these institutions operating under a special charter is the Germania Savings Bank of Baltimore. In this case the section of the charter referring to the loaning of deposits states that the "corporation shall have power to borrow money, receive money on deposit, loan money, taking such security therefo

FARM LOAN BONDS.—In 1917 the State Legislature passed an Act providing for and making legal the investment of trust, fiduciary, savings and other public and private funds in the State of Maryland in Federal Farm Loan bonds. For full text of law see V. 105, p. 951.

POPULATION OF STATE-		Variation and mile
1910 1,295,346 1870 780,894		
1900 1,188,044 1860 687,049		
18901,042,390	1820407,350	1790319,728
1880 934,943		

Of the total population in 1880, 22.49% was colored; in 1890, 20.92%; in 1900, 19.8%, and in 1910, 17.9%. In number, blacks were 165,091 in 1850, 171,131 in 1860, 175,391 in 1870, 210,230 in 1880, 218,004 in 1890, 235,064 in 1900 and 232,249 in 1910.

July 1 1916, under the option contained in ordinance authorizing the loan.

INTEREST on all Baltimore City stock is payable by check malied direct to the holder. Checks will be made payable either in New York or Baltimore, at the holder's option.

TAX-EXEMPT.—With the exception of the Western Maryland 1927 loan, the bonds are exempt from State of Maryland taxes. None of the bonds are liable for city taxes.

TAX-EXEMPTION FEATURE FOR CORPORATION PURPOSES ON INVESTNENTS IN CITY LOANS ABOLISHED.—By Chapter 467 of the Laws of 1906, the right of corporations holding investments in stock debt of the City of Baltimore to receive a credit on their taxes to the extent of their investment in such debt. The law provides that not credit shall be allowed to any such corporation by reason of any investments in the "stock debt of the city of Baltimore than shall be hereafter issued under the loans authorized by Chapters 274, 338 and 349 of the Acts of the General Assembly of Maryland for 1904, known as the Annex, Park Extensions and Sewer Loans, respectively, or under any other loans that may be hereafter authorized by the General Assembly of Maryland for 1904, known as the Annex, Park Extensions and Sewer Loans, respectively, or under any other loans that may be hereafter authorized by the General Assembly of Maryland for 1904, known as the Acts of 1902 and the Conduit Loan stock, issued under Chapter 246 of the Acts of 1902, whether heretofore or thereafter issued."

TOTAL DEBT, SINK, FUND, &c. Dec. 31 '17. TOTAL DEBT, SINK. FUND, &c.

Funded debt.....\$85.205.879
Sinking fund (other than water)......26.933.473 Net general debt ... \$58.243.406
Total bonded debt ... \$95,556,979
Total sinking funds ... 29.158,865

Net gen. & water debt\_\$66,398,114

The city's holdings in the Western Maryland were sold in June 1902 for \$8,751,370 45. V. 74, p. 999. The disposition made of this sum was fully given in V. 75, p. 202—\$4,263,-900 being deposited with several local banks and trust companies for a fixed period of 25 years at 3 ½% interest, and \$65,909.66 invested in city loans, these sums being set aside to meet the Western Maryland bonds for the payment of which the city is responsible. The remainder was deposited at 3½%, subject to withdrawal on 30 days' notice, and was withdrawa after the city's great conflagration in 1904. Against the net debt, which on Dec. 31 17 was \$63,393,114, the city reported productive assets amounting to \$24,369,039.

On Dec. 31 1917, besides the above assets, the city held unproductive assets to the amount of \$5,000,000, representing the cost of the new Court House and City Hall. The value of city property, excluding the new Court House and City Hall. Was \$15,000,000.

Archer Attorney-General \_\_\_\_\_John G. Price LEGISLATURE.—Legislature meets biennially in odd years on the first Monday in January. There is no limit to length of sessions.

HISTORY OF DEBT.—For historical details of Ohio's State debt from 1825 to 1894 see "State and City Supplement" of April 1894, page 75. TOTAL DEBT, ETC.—With the exception of \$1.665 domestic loan bonds, interest on which has ceased, Ohio has no funded State debt at present, the last \$200,000 bonds having been retired on July 1 1903. The total bonded debt on Nov. 15 1902 was \$201.665; in 1901 it was \$451.665; in 1900 was \$701.665; in 1885, \$3.720.229; in 1880, \$6.476.805; ln 1871, \$9.022,721; in 1861, \$14.897.273; in 1851, \$17.563.329.

OMPARATIVE STATEMENT OF THE STATE AND LOCAL DEBTS

State tax (per \$1.000) for 1901, \$2.89; 1903, 1904 and 1905 was \$1.35; for 1906, 1907, 1908, 1909 and 1910, \$1.345; 1911, 1912, \$0.451; 1913 and 1914, \$0.961; 1915, 1916, 1917, 1918 and 1919, \$0.45.

In order to raise sufficient revenue under these decreased rates of taxation, assessment of property was generally raised to its full value beginning with 1911.

COINCIDENTAL TAX AMENDMENT. Section 2 of Article XII., which took effect Jan. 1 1913, requires the taxing authority of any political subdivision of the State proposing to issue bonds to provide at the time the issue of bonds is authorized for levying and collecting annually by taxation an amount sufficient to pay the interest on the bonds proposed to be issued and to provide for their final redemption at maturity. See V. 98 p. 704 to provide for their final redemption at maturity. See V. 98, p. 704.

and to provide for their final redemption at maturity. See V. 98, p. 704. for Supreme Court decision concerning this section.

CLASSIFICATION TAX INVALID.—Although a constitutional amendment for the classification of property for taxation was adopted by the people on Nov. 5 1918 by a vote of 479,420 "for" to 371,176 "against" (V. 107, p. 2305), the Ohio State Supreme Court on Jan. 28 1919 ruled out all classification of property for taxation. The Court divided four to three. The point at issue was whether the classification amendment as adopted by the people had really become part of the constitution. The majority decision was that it had not, the opinion of the four judges being that it was in irreconcilable conflict with another tax amendment, the so-called Shinn amendment, intended to exempt mortgages from double taxation, and that it was improperly submitted.

Both were proposals to amend the same constitutional section, Section 2 of Article XII. The voters indorsed both, but the Shinn amendment received the larger vote. As a result of this decision the Shinn amendment became a provision in the State constitution and classification is defeated. The Shinn amendment, in providing for exemption of mortgages from double taxation, retained the language now in the constitution, that property Ishall be taxed by uniform rule. The classification amendment provided for classifying. Plainly both could not prevail when considered in connection with the whole section of the constitution. That was the reasoning. V. 108, p. 698.

TAXATION OF MUNICIPAL BONDS.—State and municipal bonds issued since Jan. 1 1913 are taxable under Sec. 2 of Article XII of the State constitution. Issues made prior to Jan. 1 1913 are exempt from taxation. A constitutional amendment exempting from taxation municipal bonds issued subsequent to Jan. 1 1916 was defeated Nov. 2 1915. [The State Attorney-General in February 1917 ruled that bonds of San Juan and Porto Rico are non-taxable in the hands of residents of this State. V. 1044 p. 777.

DEBT LIMITATION.—FIRST. As to the State's power to contract deb this is regulated under the first five sections of Article 8 of the constitution. We insert these five sections in full.

SECTION 1. (Debt Limited to Seven Hundred and Fifty Thousand Dollars.) The State may contract debts to supply casual deflicts or failures in revenues or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one of more Acts of the General Assembly, or at different periods of time, shall never exceed \$750.000; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted and to no other purpose whatever.

SECTION 2. (Additional and for What Purpose.) In addition to the above limited power, the State may contract debts to

SECTION 4. (Credit of State; the State Shall Not Become Joint Owner or Stockholder.) The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation whatever; nor shall the State ever hereafter become a joint owner or stockholder in any company or association in this State or elsewhere formed for any purpose whatever.

SECTION 5. (No Assumption of Debts by the State.) The State shall never assume the debts of any county, city, town or township, or of any corporation whatever, unless such debt shal have been created to repel invasion, suppress insurrection or defend the State in war.

SECOND, As to Cities, Towns, Counties, &c., so far as the constitution affects the power of the Legislature to authorize these municipalities to create debt, the limitations are found in Section 6 of Article 8 forbids the General Assembly to authorize cities, &c., to become stockholders in or or raise money or loan credit to aid corporations, &c. (2) Sections 1 and 2 of Article 13 forbid the passing of Special Acts and require General Acts for conferring corporate powers. (3) Section 6 of Article 13 provides that the General Assembly make provision for the organization of cities, etc., by general laws and restrict their debt-making power. These sections are a follows:

as follows:

ARTICLE 8, SECTION 6. (Counties, Cities, Towns or Townships Not Authorized to Become Stockholders, &c.) No laws shall be passed authorizing any county, city, town or township, by vote of its citizens or otherwise, to become a stockholder in any joint-stock company, corporation or association whatever, or to raise money for, or loan its credit to, or in aid of any such company, corporation or association; provided, that nothing in this section shall prevent the insuring of public buildings or property in mulual insurance associations or companies. Laws may be passed providing for the regulation of all rates charged by any insurance company corporation or association organized under the laws of this State or doing any insurance business in this State for profit. [That part of the above section given in italies was added by an ameadment adopted Sept. 3 1912. V. 95. p. 766.]

ARTICLE 13, SECTION 1. (Corporate Powers.) The General Assembly shall pass no Special Act conferring corporate powers.

SECTION 2. (Corporations—How Formed.) Corporations may be

SECTION 2. (Corporations—How Formed.) Corporations may be formed under general laws; but all such laws may from time to time be altered or repealed.

SECTION 6. (Organization of Cities, &c.) The General Assembly shall rovide for the organization of cities and incorporated villages by general

SECTION 6. (Organization of Cities, &c.) The General Assembly shall provide for the organization of cities and incorporated villages by general laws and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

One at first sight would infer from Section 6, Article 8, above cited, that cities could not subscribe to the stock of or loan money to railroads, as railroads are corporations and joint-stock companies. That, however, is not a correct conclusion, as was decided in the case of Walker st. The City of Cincinnati, a case which arose under an Act of the General Assembly of Ohio entitled "An Act relating to cities of the first class" authorizing any such city to construct a line of railroad therefrom to any other terminus in that State or in any other State. In pursuance of the authority that Act purports to give. Cincinnati undertook to build the Cincinnati Southern Railroad. To test the legality of that proceeding this action was brough.

The Court's opinion is very full and explicit, the conclusion being that from "the language of the section, it is quite evident that it was not intended to "prohibit the construction of railroads nor indeed to prohibit any species of "public improvements. The section contains no direct reference to railroads "nor to any other special classes of improvements or enterprises. The "inhibitions are directed only against a particular manner or means by "which under the constitution of 1802 many public improvements had "been accompliahed."

In compliance with Section 6, Article 13 (cited above), which provides for the organization of cities, &c., by general law, the Legislature made an elaborate classification of municipal corporations, which was in existence for years. First they were divided into cities, villages and hamlets. Then cities were divided into wo classes, the first class being subdivided into three grades and the second class being subdivided into four grades, the grade being determined by population according to the last Federal Census. In addition many special laws found their way on to the statute books nominally general in their scope but really so worded as to apply to only one city. In June 1902, however, the State Supreme Court handed down several decisions declaring such laws special legislation and therefore unconstitutional. The decisions were considered to be of such broad application that the Governor called an extra session of the Legislature for the propose of framing a new general municipal code. The extra session convened Aug. 25 1902 and after a session of nearly two months passed a new "municipal code"—a document too lengthy to quote in these columns. We would refer our readers, therefore, to pages 994 and 995 of the "Chronicle," Nov. 1 1902, wherein will be found at length the more salient points of this important measure.

It remains to be said that at the regular session of the Legislature in 1902 an Act popularly known as the "Longworth Omnibus bill" was passed and subsequently uphe

Sec. 3942. The net indebtedness incurred by any township or municipal corporation for the purposes mentioned in sections 3295 and 3939 of the General Code shall never exceed 2 ½% of the total value of all the property in such corporation or township, as listed and assessed for taxation, unless the excess of such amount is authorized by vote of the qualified electors of the township or corporation in the manner hereinafter provided.

Sec. 3945. Such limitation of 1% and 21/3% hereinbefore prescribed all not affect bonds lawfully issued for such purposes upon the approval the electors of the township or corporation.

Sec. 3948. Before any bonds in excess of such limitations of 1% and 14% are issued and tax levied, the question of issuing them shall be sub-litted to the voters of the township or corporation at a general or special

Sec. 3954. No municipal corporation or township shall create or incur a net indebtedness under the authority of this chapter in excess of 5% of the total value of all the property in such township or corporation as listed and assessed for taxation. Bonds issued in good faith for such purposes which at the time of issue were within the limitations existing at the time of such issue shall be valid obligations of the township or municipal corporation which issued them. In ascertaining the limitations of such 5% and of such 2 ½%, all such bonds shall be considered except those specifically excluded by Section 3946 of the General Code.

which issued them. In ascertaining the limitations of such 5% and of such 2½%, all such bonds shall be considered except those specifically excluded by Section 3946 of the General Code.

\*\*Note.\*\*—Some doubts having arisen as to whether old bonds as well as "Longworth" bonds should be counted in figuring the 8% debt limit, a suit was brought and the State Supreme Court in May 1906 held that only such bonds as may have been issued subsequent to the enactment of the "Longworth" bill should be counted in considering the 8% limit provided for in that Act. V. 82, p. 1114. Furthermore, in the amended law of 1906, it is expressly provided that the 8% limit shall apply only to the bonds issued subsequent to the enactment of this Act.

[The Snyder Act, an emergency measure passed by the Legislature April 10 1913, permits the issuance of bonds to repair damage done by the floods of March and April, such bonds not to be counted in ascertaining any of the limitations of Sections 3939 to 3954-1 incl. of the General Code. The Act was printed in full in V. 96, p. 1714.]

\*\*TAX LIMIT LAW.\*\*—The original "Smith 1% Law." so-called, passed May 10 1910, was not approved by the Governor, but was allowed to become a law without his signature. (1010, L. 430.) The original law, in so far as it directly affected tax rates, contained only Sections 5649-1 to 5649-5, incl. (Gen. Code); Sections 5649-3a to Sections 5649-3e (Gen. Code) were added in 1911, and all the sections of the Act except the first one were amended. This Act was approved by the Governor June 2 1911, and it is commonly referred to as the Smith 1% Law. (1020, L. 266.) It provided:

(a) That no more taxes should be levied in any taxing district in 1911 than in 1910:

(b) That increased taxes of 6% might be levied in 1912; 9% in 1913 and 12% in any year thereafter.

(c) That process to 5 mills. (The Supreme Court held in the case of State vs. Sanzenbacher, 84, O. S., 504, that such limitations for county, municipal, school and township purposes to 5 mills. (The Supreme Cou

Amendments. Sections 5649-2 and 5649-3 (Gen. Code) were amended in 1913 by elimating from both sections all limitations based upon the amount of taxes imating from levied in 1910.

serion 5649-1 (Gen. Code) as amended provides, in substance, that bonds shall have priority over current expenses in the application of the proceeds of the limited taxes.

Levies under the Cass Road Law are subject to no limitations except the 15 mills and are all to be laid upon municipalities, except the levy authorized by Section 239 of said law—Township Highway Repair Fund.

There are no limitations whatever to the levies that may be made for emergency purposes in the following cases:

Section 7419. For the repair of roads damaged by flood or other casualties.

Section 7419. For the repair of roads damaged by flood or other casualties.

Section 7630-1. To rebuild or repair school houses wholly or partially destroyed by fire, or other casualty, or condemned by the chief inspector of workships and factories, when approved by a majority of the electors of the school district.

Section 4450 and 4451. To meet the expenses of an epidemic or threatened epidemic.

Section 5629. To rebuild or repair a county infirmary or children's home, wholly or partially destroyed by fire or other casualties.

Section 1259-1. For interest and sinking fund levies made necessary on account of bonds issued to enable a municiplaity to comply with the orders of the State Board of Health in reference to the installation or improvement of its water works, when approved by a majority of the electors of the municipalities.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—The savings bank laws of Ohio were revised as part of the recodification of the Ohio banking laws in general made at the 1919 session of the Legislature—the new enactment being known as the "Graham Banking Act," which becomes effective July 11 1919. The provisions regarding savings institutions are contained in Sec. 710-139 and 710-140. We quote these both in full as follows:

### 710-139. SAVINGS BANK INVESTMENTS, LOANS.

Sec. 710-139. A savings bank may invest its funds in or loan money on, discount, buy, sell or assign promissory notes, drafts, bills of exchange, trade and bank acceptances and other evidences of debts; but all such investments or loans made except those secured by mortgages on real estate or pledge of collateral security shall be upon notes, drafts, bills of exchange, trade or bank acceptances, or other evidences of debt, payable at a time not exceeding six months from the date thereof, but not more than thirty per cent of the capital, surplus and deposits of such bank shall be so invested.

### 710-140. SAVINGS BANKS, INVESTMENTS.

Sec. 710-140. A savings bank may invest its funds in:

710-140. SAVINGS BANKS, INVESTMENTS.

8cc. 710-140. A savings bank may invest its funds in:

(a) The securities mentioned in Section 111 of this Act subject to the limitations and restrictions therein centained; except that investments in real estate securities shall be subject to the restrictions contained in Section 112 of this Act.

(b) Stocks of companies, upon which or the constituent companies comprising the same, dividends have been earned and paid for five consecutive years next prior to the investment; provided, every such investment shall be authorized by an affirmative vote of a majority of the board of directors of such savings bank. The half of the United States.

(c) Promissory notes of individuals, firms or corporations when secured by a sufficient pledge of collateral approved by the executive committee or board of directors.

(d) Ground rents or certificates of participation or beneficial ownership in improved lands under lease for a period of not less than twenty-five years from the date thereof, and conditioned that the lessee shall pay all taxes and assessments thereen and keep and maintain said premises in full and complete repair, with insurance in an amount equal to the insurable value of the improvements thereon provide that the aggregate par amount of such rents or certificates shall not exceed the value of the land nor sixty per cent of the total value of the land and improvements. But nothing in this section contained shall prevent the investment in such rents or certificates in unimproved lands, where by the terms of the lease thereof the construction of a new building thereon is provided for the funds have been deposited or will be deposited from the proceeds of the sale of such rents or certificates sufficient for the cost of such construction, and conditioned that such construction shall begin within six months thereafter and that the funds so deposited shall be paid out to meet the cost of such construction as the work progresses and for no other purpose.

Under Sub-division (a)

#### 710-111. INVESTMENTS.

Sec. 710-111. A bank may invest its capital, surplus, undivided profits and deposits in the following securities:

tion 112. We insert the text of these here:

710-111. INVESTMENTS.

Sec. 710-111. A bank may invest its capital, surplus, undivided profits and deposits in the following securities:

(a) Bonds or other interest-bearing obligations of the United States, the Philippines, Hawali, Porto Rico and the District of Columbia, or those the Philippines, Hawali, Porto Rico and the District of Columbia, or those the Philippines, Hawali, Porto Rico and the District of Columbia, or those the Interest and principal, and in Farm Loan bonds issued by Federal Land banks and Joint-Stock Land bonds.

(b) Bonds or other interest-bearing obligations of any foreign governance of Canada and New Foundland, which has not defaulted in the payment of principal or interest on its bonds or obligations within the period of twenty years last prior thereto.

(c) Bonds or other interest-bearing obligations of any county, town, county or the United States.

(d) Bonds or other interest-bearing obligations of any county, town, county or other legally constituted political or taxing subdivision situated in one of the States of the United States, or any cities of the Philippines, Hawali existence ton years and which for a period of ten years previously has not defaulted for a period of more than ninety days in the payment of any part of either principal or interest of any debt contracted by it and whose met defaulted for a period of more than ninety days in the payment of any part of either principal or interest of any debt contracted by it and whose met funds which are available for the payment of its bonds or interest-bearing obligations other than water bonds and self-sustaining public utilities and the amount and bonds grands which are available for the payment of the bonds or interest-bearing obligations of any such city, town or political or taxing subdivision to be prefer in such city and the payment of a payment of the profit of the payment of the political or taxing subdivision of the payment of the payment of the payment of the payment of t

Governor (term exp. 2d Mon. Jan. '21)_ James P. Goodrich
Sec. of State (term exp. Nov. 27 1920) William A. Roach
Treasurer (term expires Feb. 10 1921)Uz McMurtrie
Auditor Otto L. Klaus
Attorney-General Eli Stansbury

he sixties, to be invested in either Government or State bonds, bearing not less than 5% interest. Not being able to get any Government bonds at this rate, the State took the \$340,000 for its own use and executed to Purdue University its obligation, which has been twice renewed and has paid the inverset, 5% annually, to Purdue University since receiving the money. The State also owes in old canal certificates the sum of \$5,615 12.

ASSESSED VALUATION.—The following table shows the total valuation of real and personal property, including railroad and other property; also the State tax rate (per \$1,000) for the general fund for the years indicated. By an Act of the Legislature of 1905 the General Fund tax was fixed at \$1.20 per \$1,000 for each of the years 1905, 1906, 1907, and 90 cents per \$1,000 annually thereafter; the law also stopped levy for sinking fund until 1908, when it was again resumed, but in 1913 the rate was reduced to \$0.70. The Legislature of 1917 made a further reduction, placing the tax at \$0.40, while for 1918 the rate is only \$0.351.

Years-	Valuation.	State tax.	Years-	Valuation.	State tax.

DEBT LIMITATION.—In the present constitution of Indiana, which went into effect Nov. 1 1851, and was amended in 1881, there are explicit provisions limiting the power of both the State and its municipalities to contract debt.

contract debt.

FIRST, as to the State, Section 5 of Article 10 provides that no debt except to meet casual deficits in revenue, to pay interest, to repel invasion, &c., can be contracted. The section in full is subjoined.

CREATION OF DEBT FORBIDDEN.—No law shall authorize any debt to be contracted on behalf of the State except in the following cases: To meet casual deficits in the revenue; to pay interest on State debt; to repel invasion, suppress insurrection, or, if hostilities be threatened, provide for the public defense.

In the state exception of the same article the last clause prohibits the

In the sixth section of the same article the last clause prohibits the assumption by the State of the debts of any municipality or corporation. The clause referred to reads as follows:

"Nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation, whatever."

SECOND, as to municipalities, the provision contained in the constitution seems to be equally clear and emphatic, and, as will be found, fixes the limit at 2% of the valuation. It is Article 13 of that instrument (an amendment to the 1851 constitution adopted March 14 1881) which relates to this subject, and we quote the article as follows:

amendment to the 1851 constitution adopted March 14 1881) which relates to this subject, and we quote the article as follows:

LIMITED—EXCESS VOID.—No political or municipal corporation in this State shall ever become indebted in any manner or for any purpose to an amount in the aggregate exceeding 2% on the valuation of the taxable property within such corporation, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness; and all bonds or obligations in excess of such amount given by such corporation shall be void; Provided, That in time of war, foreign invasion or other great public calamity, on petition of a majority of the property owners in number and value, within the limits of such corporarcation, the public authorities in their discretion may incur obligations necessary for the public protection and defense to such an amount as may be requested in such petition.

It should be said in connection with the above that several laws have been enacted since the foregoing constitutional limit was adopted (March 14 1881), and bonds have been issued by counties thereunder beyond the 2% limit, for the construction of "free gravel, stone or other macadamized roads." Several such laws were passed at the 1899 session of the Legislature. But in the case of Strieb vs. Cox, Treas., 111 Ind., the Supreme Court of Indiana held that gravel road bonds are not properly indebtedness of the county—hence do not come within the inhibition of Section 13 of the constitution. (See editorial in "State and City Supplement" for October 1899, page 3.)

THIRD, counties (but no other kind of municipality) are prohibited from subscribing for any stock in a corporation unless paid for at time of such subscription. The section which covers this subject is Section 6 of Article 10, and is as follows:

such subscription. The section which covers this subject is Section 6 of Article 10, and is as follows:

COUNTIES CANNOT TAKE STOCK.—No county shall subscribe for stock in any incorporated company unless the same be paid for at the time of such subscription; nor shall any county loan its credit to any incorporated company, nor borrow money for the purpose of taking stock in any such company, nor shall the General Assembly ever on behalf of the State assume the debts of any county, city, town or township, nor of any corporation whatever.

The prohibition which this section contains applies, as already stated, only to counties. Consequently the Legislature was at liberty to authorize cities to subscribe to the stock of railroads, as it did by a general law passed in 1869, granting the power to subscribe to the stock of any railroad running into or through any city or near its corporate limits. Other laws of a somewhat similar character have been passed at other dates. We notice one law, too (Section 5502, Burns's Annotated Statutes, revision 1914), which authorizes counties bordering on the State line, or any township or city situated in such county, to subscribe for railroad stock. In that law no attempt is made to endow counties with power to issue bonds for this purpose (thus obeying the mandate of the constitution), though by the succeeding section cities are given authority to issue such bonds.

COUNTIES are apparently restricted by statute to a lower than the

by the succeeding section cities are given authority to issue such bonds.

COUNTIES are apparently restricted by statute to a lower than the constitutional limit of 2% in the matter of creating certain kinds of debt. For instance, Section 5991 of Burns's Annotated Statutes, 1914, authorizes any county to issue bonds when necessary to construct, complete or repair court house, jail or other county buildings, or to fund existing debt; in those cases county commissioners may borrow for that purpose not exceeding 1% on assessed valuation and issue bonds therefor, provided that no second or subsequent loan shall be made or authorized so long as any former loan made under the provisions of the Act shall remain unpaid. From Section 6094 it appears, moreover, that whenever the aggregate indebtedness, funded or otherwise, of any county having a voting population of over 20,000 amounts to or exceeds 1%, it is not lawful to increase such indebtedness in any manner or form except only by temporary loans in anticipation of the revenue of the then current fiscal year and not exceeding two-thirds of the amount of the county tax duplicate of the preceding year.

ceeding two-thirds of the amount of the county and approach ceeding year.

Limit of 1% may be exceeded in counties for funding purposes in certain cases where the aggregate indebtedness in 1879 exceeded 1% (see Burns's Revised Statutes, 1914, Section 6092); also for temporary loans (see Burns's Revised Statutes, 1914, Section 6094).

Also the limit of 2% may be exceeded for the purpose of making gravel roads (see above), the Supreme Court having decided that gravel road bonds are not properly an indebtedness of the county. By statute the limit for such bonds (Section 7725a) is 4%.

In addition to the foregoing, general statutes have been passed by the

In addition to the foregoing, general statutes have been passed by the Legislature granting general powers to cities and towns to issue bonds for legitimate corporate purposes, subject, however, to the constitutional limit of 2% on valuation. But we have not the space to set out here the details or the details of the other legislation applicable to cities of larger and smaller population, and covering specific purposes, such as waterworks. &c

works, &c [An Act was passed by the 1917 Legislature (Chapter 87, Laws of 1917) creating a State Highway Commission, providing for the construction, reconstruction, maintenance, repair and control of public highways, and providing for co-operation with the Federal Government in the construction of rural post roads. The Attorney-General under date of April 25 1918 advised us "that it is extremely probable that the constitutional debt limitation of 2% applies to bonds issued for the construction of highways under this Act."]

GRAVEL ROAD LAW OF 1905.—The State Supreme Court in November 1909 decided that this Act was unconstitutional on the ground that it contained provisions which were such as to make it a local and special Act. The decision was based on that part of the law which provides that "whenever a petition simed by fifty or more freeholders and voters of any township in any county in this State includes any incorporated town or city in such township having a population of less than 30,000 inhabitants, praying," &c., the commissioners shall proceed to carry out the provisions of the Act. Upon rehearing, however, it was pointed out that this section as printed contained a cierical error, and the Court on Jan. 25 1910 reversed itself and upheld the contention that the word "includes" should be read "including", thereby making eligible to become petitioners for gravel roads any freeholder and voter in any township with the exception of those residing in incorporated towns and cities of over 30,000 inhabitants, which latter should be neither taxed nor eligible to participate in such proceeding. See V. 90, p. 316.

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed

EXEMPTION FROM TAXATION.—The Legislature of 1903 passed a law (Chap. 179, Laws of 1903) exempting from taxation all bonds, notes, &c., hereafter issued by State or municipal corporations. The section follows:

section follows:

SECTION 1. Be it enacted by the General Assembly of the State of Indiana, That all bonds, notes and other evidences of indebtedness hereafter issued by the State of Indiana or by municipal corporations within the State upon which the said state or the said municipal corporations pay interest shall be exempt from taxation.

The above Act became effective April 23 1903.

Another law passed by the Legislature, and which became effective March 4 1911, provides that all bonds hereafter authorized by any county or township for the construction of free gravel or macadamized roads, and which bear not higher than 4½% interest, shall be exempt from taxation. Section 1 of the Act reads as follows:

"Section 1. Be it enacted by the General Assembly of the State of Indiana that all bonds hereafter authorized by any county or township in the State of Indiana, for the purpose of building, constructing and paying for the construction of any free gravel, macadamized or other improved roads, shall be exempt from taxation. Provided, said bonds shall not bear a greater rate of interest than four and one-half (4½%) per cent interest per annum, payable semi-annually.

sot bear a greater rate of interest than four and one-half (4½%) per cent laterest per annum, payable semi-annually.

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRIC—TIONS.—The provisions regulating the investments and loans of savings banks in the State of Indiana are contained in Sections 19 to 24, inclusive, of Chapter 5 of the Constitution, as published in the report of the Banking Department for 1913. No changes, we are advised, have been made in the law since that year. We give sections 19 to 24, inclusive, in full below.

INVESTMENT OF FUNDS.—Sec. 19. It shall be lawful for the trustees of any savings bank to invest the money deposited therein only as follows, to wit: First, in the stocks or bonds or treasury notes of the Unit' States; second, in the stocks or bonds of this State; third, in the orders or 1 ds of any county, city or town in this State, issued pursuant to the authority of law; fourth, in the stocks or bonds of any State in the Union that has, for five years previous to such investment being made, regularly paid the interest on its legal bonded debt in lawful money of the United States; fifth, in bonds or notes secured by mortgage or unicumbered real estate situate in the county where the bank is located or in an adjoining county in an adjoining State (or in any other county in the State of Indiana; worth, exclusive of perishable improvements, at least twice the amount loaned thereon; sizth, in promissory notes or bills of exchange before their maturity, payable at some chartered bank within this State, and having not to exceed twelve months to run from the date of the loan or purchase, made or endorsed by two or more responsible freeholders, one of whom, at least, shall be a resident of the State of Indiana: Provided, That no such note or bill shall exceed the sum of \$10,000 and that no more than \$10,000 shall be loaned on the same security; seventh, in real estate subject to the provisions of Section 24; eighth, in dealing in exchange, by purchasing and selling sight or time drafts payable

LOANS ON STOCKS.—Sec. 20. It shall be lawful for the trustees of any savings bank, while awaiting opportunity for the judicious investment of the funds deposited with them, to loan the moneys so deposited upon the security of the stocks and other securities mentioned in the preceding section, not exceeding 90% of the cash market value thereof.

DEPRECIATION OF SECURITIES.—Sec. 21. Should the stocks or other securities on which loans are made, pursuant to the provisions of the last preceding section, depreciate in value after making any loan thereon, it shall be the duty of the trustees to require the immediate payment of such loan made by them thereon, or additional security therefor, so that the amount so loaned shall at no time exceed 90% of the market value of such securities; and no loan shall be so made without an agreement from the borrower that the same shall be subject to the conditions of payment or of additional security, as required by this section.

RESERVE.—Sec. 22. The trustees may keep in reserve not exceeding

borrower that he same shall be subject to the conditions of payment of of additional security, as required by this section.

RESERVE.—Sec. 22. The trustees may keep in reserve not exceeding 20% of the total amount of deposits, without investment, or deposit the same on call, with or without interest, in any bank in this State, organized under the laws thereof or under the lasw of the United States, or in any national bank in the United States.

RESTRICTION ON LOANS.—Sec. 23. No loan shall be made upon the security of real estate, as provided in subdivision 5 of Section 19, or upon notes or bills as provided in subdivision 6 said section, without the consent of a majority of the trustees, or the unanimous consent of the committee of investment, which may be created under the by-laws of such bank.

REAL ESTATE PURCHASES.—Sec. 24. It shall be lawful for the trustees of any savings bank to purchase, hold and convey real estate as follows, and not otherwise:

First. A lot and banking-house requisite for the transaction of its business, and for an income from such portions of the same as are not required for its own use.

Second. Such as shall have been mortgaged to it in good faith for money loaned, or upon which it shall have purchased a mortgage.

Third. Such as shall have been purchased at sales upon judgments or decrees obtained upon claims in favor of the bank, or which may be so purchased to prevent loss pon claims held by the bank.

\*For explanation as to the falling off of values in the year 1900, see letter of State Auditor in V. 74, p. 741. \*Property now assessed at 1-3 true value instead of 1-5—see remarks below.

Under a law passed Feb. 25 1898 there is a general assessment of real estate but once in every four years instead of annually; personal property is listed every year. The law also provided that property shall be appraised at full value, but assessed at only one-fifth of such value. This law was changed, however, by an Act passed in 1909 which provides for the assessment of property at one-third of the actual value. The new basis of assessment went into effect in 1909, with the result that values for that year showed large increases while the tax rates were decreased correspondingly.

DEBT LIMITATION.—No State has developed a greater repugnance to the creating of debt than Illinois, if we may judge from the provisions of the supparently been progressive. Nothing of it is to be found in the constitution of 1818. The constitution of 1818 contained no reference to municipal the provision of 1818. The constitution of 1818 contained no reference to municipal the Logislastra to create State debt, encept in case of war, invalon, &c., unless the law proposing the issue of bonds is submitted to a vote of the first of the state of the

TAXATION OF MUNICIPAL BONDS.—The State Auditor, advised us under date of Dec. 11 1911 that there was no law exempting from taxation bonds, notes or other evidences of indebtedness issued by the State or any of its municipalities.

of its municipalities.

INVESTMENT OF TRUST FUNDS.—Chapter 140B of the Revised Statutes of 1911 provides that: Investments of trust funds by trustees may, when not otherwise provided by the will, deed, decree, gift, grant, or other instrument creating or fixing the respective trust, be in the bonds of the United States, or of any of the States of the United States, or in the first mortgages upon real estate in any State, or in the bonds of any country, city or municipality in any State, or in the first mortgage bonds of any corporation of any State upon which no default in payment of interest shall have occurred. for a period of five years, but no trustee shall be authorized by this act to invest trust funds in any bonds in which cautious and intelligent persons do not invest their own money, and any trustee may continue to hold any investment received by him under the trust, or any increase thereof.

thereof.

BUSSE BOND BILLS.—The Legislature of 1909 passed a series of bills. known as the Busse Bond Bills, which enlarge the leeway for the creation of debt by the various municipalities in the State by fixing the assessed value of property at one-third of the actual value instead of one-fifth, as before. With the exception of counties a proportional decrease is made in the maximum rate of taxation.

The amendments to the tax law providing for a decrease in the maximum rate of taxation mentioned above were held constitutional by the State Supreme Court in January 1910. See V. 90, p. 387.

NEW BONDS MUST BE SUBMITTED TO A VOTE.—At the 1909 session the Legislature also passed the Jones referendum bill, which provides that all bond issues, excepting those for refunding purposes, must be submitted to a vote and ratified by a majority of those voting on the proposition,

WATER CERTIFICATES IN EXCESS OF DEBT LIMIT.—A law was passed in 1899 allowing cities bonded to their legal limit to issue (for the improvement of water-works) certificates against the earnings of the Water-Department without regard to the bonded indebtedness. Several municipalities are understood to have taken advantage of this law. In the case of the City of Joliet, however, which attempted to issue bonds under the law, the matter was taken into the courts in a test suit, and an injunction granted by Judge Dibell, who held that the 5% limit could not be exceeded. V. 73, p. 94. This decision was confirmed by Supreme Court. V. 74, p. 491.

IMPROVEMENT BONDS.—There is a kind of improvement bond authorized in some cases which is made a special lieu on the land benefited and to which the 5% limit has no reference. We refer to cases which come under the law entitled "To divide cities and villages subject to overflow into improvement districts." This statute provides that any such city or village or part thereof may be laid off into an improvement district for the purpose of draining, raising the grade of the streets and improving the district; that after the cost for the work has been ascertained and been assessed, the assessment may be paid in installments or otherwise, and such city or village may issue bonds sufficient to pay the assessment. In that case the bonds are a lien on the lots, blocks or parts thereof which shall be designated therein; but before the issue the owner of the lots, &c., to be charged must endorse upon the back of such bond his consent, under seal, in substance, as follows: "I hereby indorse the within bond and consent that the lot or lots or parts thereof therein designated shall be come liable for the interest and principal therein named, and the same shall be a lien upon said property from this date until paid off and discharged." The bond when executed by the city or village and so endorsed by the owner shall be recorded in the Recorder's office in the county, and such record shall be a notice of the lien created to the same extent as the record of mortgages is a notice.

We have room to give only this very brief and imperfect outline of this statute. The whole law will be found in Hurd's Revised Statutes of Illinois, the 1911 edition, pages 345, 346 and 347.

O. address is Marion.	HISTORY OF DEBT.—The historical details of Michigan's State debt up to 1894 will be found in the "State and City Supplement" of April 1894, page 98. In 1864 the State Treasurer reported the funded debt at \$3.880,-399 and \$1.450.472 additional "trust fund debt." The State's bonded indebtedness consists of an issue of \$3.500,000 4% 5-10-year optional tax-free coupon war loan bonds which were issued in 1918. The "trust fund debt" on Apr. 30 1918 amounted to \$6.925.828.72. The term "trust fund debt" is, however, e misnomer. In explanation it should be said that the United States Government set aside certain lands in the State of Michigan for educational purposes, and under the Michigan statutes the money received from the sale of these lands is used to pay the general expenses of the State; the law provides, however, that a certain specified rate of interest must be annually figured on the total amount accumulated from said sales and be paid over to the educational institutions specified. The amount of

DEBT LIMITATION.—Michigan, as noted in our history of the State's debt, started its career as a State in January 1837, when the whole land was buoyant over its inflated enterprises carried on at public expense. So, to be abreast of the times, instead of putting any limit on the power of the State to create debt, it put into its constitution a notice to the Legisature to go to work at once and make provision for "ascertaining the "proper objects of improvement in relation to roads, canals and navigable "waters," that the money might be raised and these improvements might be prosecuted with as little delay as possible.

That was the spirit which ruled and the condition which prevailed in 1837. In 1850 Michigan made and adopted another constitution. During the years which intervened the people had gained a wide experience and had evidently profited by it. Hence we find them at the latter date showing a purpose to make an instrument in its financial features about as dissimilar from the one it was to supplant as it could well be, and this purpose is continued in the new constitution approved by a popular vote on Nov. 3 1908. The provisions of the 1908 constitution concerning the debt-making power of the State are contained in Sections 10,11, 12, 13 and 14 of Article X. These sections follow:

SECTION 10. The State may contract debts to meet deficits in revenue but such debts shall not in the aggregate at any one time exceed two hundred and fifty thousand dollars. The State may also contract debts to repel

invasion, suppress insurrection, defend the State or aid the United States in time of war. The money so raised shall be applied to the purposes for which it is raised or to the payment of the debts contracted.

SECTION 11. No scrip, certificate or other evidence of State indebteness shall be issued except for such debts as are expressly authorized the constitution.

ness shall be issued except for such debts as are expressly authorized in the constitution.

SECTION 12. The credit of the State shall not be granted to or in aid of any persons, association or corporation, public or private.

SECTION 13. The State shall not subscribe to nor be interested in the stock of any company, association or corporation.

SECTION 14. The State shall not be a party to, nor be interested in any work of internal improvement, nor engaged in carrying on any such work except in the improvement of, or aiding in the improvement of public wagon roads, in the re-forestration and protection of lands owned by the State and in the expenditure of grants to the State of lands or other property. [In April 1917 the voters adopted an amendment to the constitution by adding a new section (Section 15a) to Article VIII, which provides that "any drainage district established under provision of law, may issue bonds for drainage purposes within such district."]

[On April 2 1917 the voters approved an amendment to Article X, by adding a new section (Section 20) authorizing the State to acquire, purchase, take, hold and operate any railroad, or railroad property, belonging to any railroad or railway company in Michigan heretofore organized under a special charter still in force and in effect. The vote was 242,969 to 100,722.]

The 1903 constitution provides that counties shall not incur any indebtedness which shall increase their total debt beyond 3% of their assessed valuation. At the general election in Nov. 1910, however, the voters adopted a constitutional amendment to allow counties having an assessed valuation of \$5,000,000 or less to create debt up to 5% of this value. The vote was 131.147, to 128.729.

Cities and villages are left by the 1908 instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 8, Section 20, and is as follows.

Cities and villages are eleft by the 1908 instrument to the discretion of the Legislature in the matter of restrictions upon their borrowing power. The provision which relates to this subject is found in Article 8, Section 20, and is as follows.

SECTION 20. The Legislature shall provide by a general law for the incorporation of cities and by a general law for the incorporation of cities and by a general law for the incorporation of villages, and restrict their powers of borrowing money and contracting debis.

Pursuant to Sec. 20, laws providing for the incorporation of cities and villages were passed by the Legislature in 1909.

By Subdivision (1) of Section 26 of Act No. 278 of the Public Acts of 1909. By Subdivision (1) of Section 26 of Act No. 278 of the Public Acts of 1909 adulation as shown by the last preceding assessment roll, escept that in the case of fire, flood or other calamity, requiring an emergency fund. or of the repair or rebuilding of any of its municipal buildings, works, bridge or streets, a village may borrow an additional amount not exceeding 34 of the theory of the property and revenue of such utility, including a company of the same of the company of the company of the company of the same of the same of such utility and franchise on foreciosure. The rate of tax which villages may bey for municipal purpose is limited by subdivision (9) of Sec. 26 to 2% of the assessed value of the payment thereof, and serial bonds payable annually. The borrowing operate the same, which are a charge upon a special district created for the payment thereof, and serial bonds payable annually. The company of the first of the payment thereof, and serial bonds payable annually. The company of the same of the company 
EXEMPT FROM TAXATION.—An Act of the Legislature approved lay 13 1909 provides that bonds hereafter issued by any county, township, ty, village or school district in the State of Michigan shall be exempt from I taxation. V. 88, p. 1452.

TAX ON SECURED DEBTS.—The 1913 Legislature passed an Act (No. 142) providing that by the payment of a specific tax of ½%, "secured debts" may be exempted from the payment of further general taxes. In 1915 this law was amended so as to exempt municipal bonds issued by places outside the State upon the payment of a similar tax. See "Chronicle" of May 29 1915, State & City Department. The Actorney-General has ruled that drainage and levee bonds do not come within the scope of the law referred to. See V. 101, p. 709. The law was again amended by the Legislature in 1917 providing for the exemption of any bond or other obligation issued by any foreign country upon the payment of the tax of ½%. V. 104, p. 2258.

34%. V. 104. p. 2258.

SAVINGS BANK INVESTMENTS.—The law regulating the investments by Michigan savings banks is governed by Section 27 of Act No. 205 of the Public Acts of 1887, and amendments thereto. In 1913 an amendment was approved, specifying that steamship bonds, if issued on bulk freighters operating on the Great Lakes and connecting waters, must be on steamships of at least 7,000 tons carrying capacity; and providing that securities against which participation certificates are issued must be deposited in a Michigan trust company rather than a Michigan collateral deposit company. The law was again amended in 1919 so as to provide that savings banks may, in addition to the public debt or bonds of any city, county, township, village, school district of any State or territory in the United States, invest in legally authorized bonds of any road district in Michigan organized, constituted and existing by virtue of pravisions of Act o 59 of the Public Asts of 1915, and amendments thereto.

and in accepted draft or bills of exchange; the law as amended in 1919 also provides that the amount which may be loaned upon notes or bonds secured by mortgage lien in the instance of improved farm property is increased from 50% to 60% of the value of such property. We publish Section 27 as it now reads:

Sec. 27. A savings bank shall keep at least 15% of its total deposits on hand, or with national or State banks or trust companies, payable on demand, in cities approved by the Commissioner of the Banking Department as reserve cities, or invested in United States bonds; three-fifths of the remainder of the savings deposits shall be invested by the Board of Directors as follows:

(a) In bonds of the United States, or any State or Territory of the United States: Provided. That such State or Territory has not, in the ten years preceding the time of such investment repudiated its debt and failed to pay the same, or the interest due thereon, or upon any part of such debt; or

(b) In the public debt or bonds of any city, county, township, village, school district of any State or Territory in the United States which shall have been authorized by the Legislature of such State or Territory: Provided, That the total indebtedness of such municipality does not exceed 5% of its assessed valuation; or

(c) In the legally authorized bonds of any road district in Michigan organized, constituted, and existing by virtue of the provisions of Act No. 59 of the Public Acts of 1915, and amendments thereto; or

(d) In the legally authorized first mortgage bonds of any steam railroad corporation organized under the laws of any State of the United States; Provided, That such company has for five years prior to the time of making such investment by such bank paid annually dividends equal to not less than 4% on its entire capital stock and has not during safe period defaulted in the payment of the matured principal or interest of any debts incurred by the industry of the payment of the safe of the United States, which shall have been is

it and secured by mortgage or trust deed upon its property or any part thereof, or in the payment of any part of the matured principal or interest upon a bond guaranteed or assumed by it, Provided, Said issues of bonds shall have been approved by the Securities Commission hereinafter provided for;

(In the legally authorized first mortgage bonds of any electric railroad, street rail way gas or electric light or power company, organized under five years prior to the time of making such investment by said bank paid annually dividends equal to not less than 4% on its entire capital stock, and has not during the same period defaulted in the payment of the matured principal or interest or any debts incurred by it and secured by mortgage or trust deed upon its property or any part thereof; or in the payment of any part of the matured principal or interest of any bonds guaranteed or assumed by it, or in the first mortgage bonds of any such company which has been in operation less than five years: Provided: That the cost of construction and equipment of the plant of such company, said succeed by at least 50% the amount of the entire bonded indebtedness of such company, and the said plant and equipment shall be free from all other liens and encumbrances, and the said company shall have earned during the payment of the pain of such company shall have earned during the payment of the pain of the pain of the payment of the pain of the payment of the

dence of indebtedness secured by any of the above mentioned classes of security; or

(f) Upon notes or bonds secured by mortgage lien upon unencumbered real estate worth at least double the amount loaned; except on improved farm property the amount loaned upon such notes or bonds secured by first mortgage lien shall not exceed sixty per cent of value of such property; or

(k) In accepted drafts or bills of exchange having not more than six months to run growing out of transactions involving the importation or exportation of goods; or growing out of transactions involving the domestic shipment of goods providing shipping documents conveying or securing title are attached at the time of acceptance; or which are secured at the time of acceptance by official warehouse receipt or other document conveying of securing title covering readily marketable staples. For the purposes of this section the acceptance of any one person, company, firm or corporation shall not exceed at any time more than twenty per cent of its pald-up capital and unimpaired surplus. The aggregate of such accepted drafts or bills of exchange shall not exceed at any one time the amount of capital stock and unimpaired surplus of the bank.

capital and unimpaired surplus. The aggregate of such accepted drate of silfs of exchange shall not exceed at any one time the amount of capital stock and unimpaired surplus of the bank.

(I) The remainder of such deposits may be invested in notes, bills, or other evidences of debt, the payment of which is secured by the deposit with the bank of collateral security consisting of personal property or securities of known marketable value worth ten per cent more than the amount so loaned and interest for the time of the loan; or may be invested in notes, bills or other evidences of debt, the payment of which is secured by such property or securities deposited in a trust company organized under the laws of this State; or may be deposited in any national bank, trust company, or bank in cities of this or any other State, approved by the Commissioner of the Banking Department as reserve cities, and a portion of said remainder, not exceeding the capital and additional stockholders' liability, may be deposits in any one bank shall not exceed ten per cent of the total deposits, capital and surplus of the depositing bank. In case the actual reserve shall

fall below the fifteen per cent above prinfgood faith take measures to restor default of which the Commissioner of such restoration within thirty days a with such demands shall warrant provided in Section 6 of this Act.
